## No Reductions for Soft Coal Miners and An Increase in the Anthracite Field Will Be Asked—Lewis Says That Public Will Find That Miners Are Fair in Their Demands

(By The Associated Press)

INDIANAPOLIS, Ind., Feb. 16.—A wage policy of accepting no wage reductions of wages for soft coal miners and demanding increases for anthracite workers, backed up by a threat of a nation-wide strike on April 1st, will be adopted by the United Mine Workers convention by an almost unanimous vote of the delegates according to a statement issued tonight by President John L. Lewis.

The convention today stood still after finally completing the work of seating delegates. Its action cleared the way for a roll call vote, requiring all of tomorrow's sessions to decide whether Alexander Howat and other expelled Kansas miners will have an opportunity to appeal to the convention for their reinstatement in the union. Howat's supporters lost ground today when they were awakened to the fact that anti-Howat delegates from Kansas had been seated as delegates by convention action last Tuesday.

# WILL CONTINUE AGRICULTURAL BLOC IN SENATE

## Will Remain Active Despite Resignation of Kenyon

(By The Associated Press)

WASHINGTON, Feb. 16.—The senate agricultural bloc members declared today would continue in active form despite the resignation from the senate of its organizer and official chairman, Senator Kenyon, of Iowa.

Bloc members, it was learned, have been discussing privately the organization's future and the decision had been reached by both Republican and Democratic members from the bloc to be continued as a senate force.

Indications point to Senator Capper, Republican, Kansas, as the successor of Senator Kenyon as bloc chairman. The bloc is bipartisan but according to some senate members has lost some active Republicans since some of its members have criticized President Harding, Secretary Weeks and other Republican leaders. It is said to have gained sufficient Democratic members to give the Democrats an actual voting majority.

**Little to Occupy Attention.**

Both Democratic and Republican senators who are bloc members said today that there was at present little legislative business which would seem to require the special attention of the bloc. Some Republicans believe that most of the strictly "bloc" measures already have been translated into legislation with the exception of possibly a tariff securing high rates on agricultural products. In any event it was said that the bloc would continue in being but probably would hold only widely corrected meetings.

In a brief address Senator Ashurst of Arizona, a Democratic bloc member defended the bloc and citing the war finance corporation law which, he said had been "driven thru congress by the bloc," declaring it had saved the agricultural industry during the crisis of 1920.

# TEMPLE ENCAMPMENT CONFERRED DEGREE

## Three Candidates are Given Patriarchal Degree—Refreshments Follow

Temple Encampment No. 19 conferred the Patriarchal degree on three candidates in Odd Fellows Temple East State street on Thursday evening. Those receiving the degree were: J. J. Coley, J. Boston and Clell McCrabb.

The degree was conferred in an impressive manner by the degree staff under the direction of Robert Allen director of work.

During the business session the matter of spring work was discussed and plans made for an active campaign for new members. Following the session refreshments were served.

# HOGS GET DRUNK; OWNER ARRESTED

Lincoln, Neb., Feb. 16.—Some drunken pigs owned by James Lacy of Chadron, Neb., went on a roaring don't care of a whoop rampage and unwittingly caused the arrest of their owner for violation of the prohibition laws, according to Sheriff Hill of Dawes county, who made the arrest after seeing the pigs and taking a sample of the mash that they had eaten.

# SENATE DEBATE ON FOUR POWER TREATY BEGINS

## Hour of Discussion Shows Various Cross Currents

(By The Associated Press)

WASHINGTON, Feb. 16.—Senate debate on the four power Pacific treaty began today with a preliminary tilt resulting in a request to President Harding for all available information as to how the treaty was negotiated. An hour of general discussion which brought to the surface various cross currents of senate opinion, but failed to develop definitely the relative strength of supporters and opponents of the treaty, preceded adoption of the request for information. This resolution had the support of Republican and Democratic leaders alike and was approved without a record vote.

The foreign relations committee decided to go ahead with other treaties resulting from the that all of them might be pressed to ratification without considerable delay. It completed its reading of the naval limitation and submarine treaties without bringing to light any indication of opposition. Tomorrow it will read thru the general far eastern and Chinese tariff pact.

Senator Hitchcock, of Nebraska, ranking Democratic member of the committee and leader of the unsuccessful fight for ratification of the treaty of Versailles presented the resolution requesting full information from the president. With some minor changes in phraseology, it promptly was accepted by Senators Lodge of Massachusetts, and Underwood of Alabama, Republican and Democratic senate leaders, respectively, and both members of the American delegation to the arms conference, although each declared he knew of no information regarding the four power negotiations that was not already before the senate.

**Underwood Explains.**

Senator Underwood explaining why no record of the negotiations was kept, declared the discussions could not be carried on in a public way but concerned principally the abrogation of the Anglo-American subject which the American delegation could speak only by private suggestion.

Declaring himself "amazed" that no minutes of so important a discussion had been kept Senator Hitchcock replied that his resolution at least might result in some light being thrown on certain questions raised in regard to interpretation of the treaty terms.

Senator Johnson, Republican, California, also declared a further explanation was due the senate and the American people since the 900 page book of data submitted with the treaties contained a reference to the four power pact.

In order that the full scope and intent of the four power agreement might be understood, Mr. Lodge put into the senate record a copy of a note sent by the four signatory powers to Portugal and the Netherlands, declaring the insular possessions of these two nations in the Pacific would be respected under the treaty provisions. The note was sent on February 4, while the arms conference was still in session.

# CHURCH WILL GET HEARING ON SANITY TO START MONDAY

## Judge Scanlan So Rules Thursday After Arguments

(By The Associated Press)

CHICAGO, Feb. 16.—Arguments used by Portia to prevent Shylock gaining his pound of flesh in Shakespeare's "Merchant of Venice" were advanced by the state today to force Harvey Church to the gallows tomorrow but the pound of flesh theory became a boomerang and brought a reprieve of execution to the murderer pending a sanity hearing.

Arguing against the defense, petition that Church had become insane since he was sentenced to hang for the murder of Bernard Daugherty, automobile salesman, L. W. Stewart, assistant state's attorney said the form of the petition violated every legal precept.

"Shylock could take only his pound of flesh, neither more or less and not one drop of blood," said Mr. Stewart. "The defense in seeking this last chance for Church, must comply with the same rules forced on Shylock—it must meet every legal requirement and neither overstep or understate the laws in the case."

"I think you are wrong," replied Judge Scanlan. "In both cases it is a matter of justice, altho in Shylock's case technicalities were advanced to save a life while here they are urged to take one. Church, guilty or innocent, must have every fair chance possible. The sanity hearing will start Monday."

# AWARDS ARE MADE IN PENMANSHIP CLASSES

Students at the Junior High school are making a record in penmanship, forty-five of them having just been awarded the Palmer Method buttons. These awards are made at the completion of a course of twenty-five drills which are acceptable to the company.

Four other students are soon to receive buttons for completing one hundred drills accepted by the Palmer company. The penmanship classes are conducted in conjunction with the English classes and the awarding of the buttons was in charge of the English teachers, Miss McCullough, Miss Cloyd and Miss Hackman.

# ALLEGED FORGER TO BE RETURNED HERE

Sheriff W. H. Weatherford will leave soon for Detroit, Mich., and will return with James R. Ryan, who is charged with forgery. Requisition papers will be secured from Governor Small for the return of the man. A telegram from Detroit yesterday stated that he would be turned over to the local authorities.

# M'GOWAN WINS TITLE FROM STAFF

SARANAC LAKE, Feb. 16.—Everett McGowan of St. Paul won the American professional outdoor skating championship title from Arthur Staff of Chicago here today. McGowan scored 170 points in the three days' meet which ended today and Staff scored 160.

# FIRE AT LIPPINCOTT HOME

The fire department was called to the residence of J. P. Lippincott at 2 o'clock Thursday afternoon, where a burning fire had caused a roof fire. The blaze was extinguished with the use of the chemical engine and only slight damage was done.

# Gov. Small Will Ask Change Of Venue

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 16.—Governor Small will ask for a change of venue from the court of Judge E. S. Smith when the suit for accounting for Small's term as state treasurer is set for hearing. This became known today when petitions for a change from Judge Smith, whom the governor charged with prejudice in the criminal proceedings against him were filed in behalf of Mr. Small's bondsmen.

The governor did not join in the petition today because he had not been served with summons for the present term of court.

Altho it had been said that no action will be taken in the six civil suits filed by Attorney General Brundage against Governor Small and four other former state treasurers, until after the governor's trial at Waukegan on charges of conspiracy attorneys for the petitioners explained that their action today was "to conserve any rights" (the defendants may have at this term of court.)

Affidavits filed with the petition state that the defendants believe they will not receive a fair trial in the court in which the suit is now pending because the Honorable E. S. Smith, "judge of said court is prejudiced."

The petitioners denote no effort to have the case taken out of Sangamon county Attorney Howard Billman said. Mr. Billman is an attorney connected with the legislative reference bureau. Suits against Lieutenant Governor Fred E. Sterling and State Auditor Andrew Russell as former treasurers, are also pending in the Sangamon county circuit court, while suits against former Treasurers E. E. Mitchell and William Ryan are pending in Cook county.

In the suits Attorney General Brundage alleges shortages aggregating over \$2,000,000 in the accounts of the five former treasurers.

# MILITARY DEFENSE OF THE PHILIPPINES MAY BE ABANDONED

## Action Likely Before Ratification of Four Power Treaty

(By The Associated Press)

WASHINGTON, Feb. 16.—Military defense of the Philippines may be completely abandoned by the United States even before ratification of the four power Pacific treaty.

The step is known to be under consideration in the war department. If it is carried out under pressure for further reduction of the strength of the army, the garrison which has been maintained in the islands since 1898 will be cut to no more than a police force to support the authority of the insular government.

Should this policy be finally adopted, it will be based on the contention that the treaty guarantees the security of the islands from attack by any signatory power and that they should be left to the protection of international good faith. The possibility of aggression against the islands by any non-signatory power is regarded as so remote as not to deserve consideration.

In any event, it was said today, the provisions of the naval limitation treaty setting up a status quo agreement as to defense of the Philippines or other islands covered by its terms prevents establishment of fortifications adequate to repel an invader bent on conquest of Manila.

Already the army and navy have ordered shipments of mine and anti-aircraft guns scheduled to be used to the Manila defense stopped enroute.

The war department also has rescinded orders for a bombing squadron of airplanes which would have added materially to the strength of the Philippine garrison. This action is regarded by army men as of particular significance.

Discussion of the possibility of abandoning entirely the land defense of the islands and the virtual closing up of fortifications there has been brought to the front in planning for distribution of regular forces under the 150,000 restriction in number made of the army withdrawal of a substantial part of the island garrison of about 7,500 men would increase the number of mobile troops available in the United States and urgently needed in carrying out the dual major missions of the army, patrol of the Southern border and the establishment of the decentralized training and mobilization system for the national guard and organized reserve.

# DEPARTMENT MAY BE ADDED TO NEW FACTORY

If plans materialize which are now being considered a ready-to-wear department will be added to the new Rothchild clothing factory which is soon to open in this city. Felix Rothchild and A. J. Mayer of Chicago, who in the city recently to talk over with Albert Renner, the local manager, the proposed addition to the factory.

Mr. Mayer was favorably impressed with local conditions and it is possible that he will be able to complete with Mr. Rothchild the arrangements which will mean the addition of the proposed department. Should this project materialize it would mean a considerably larger force of workers than originally announced would be employed by the clothing factory.

It is the expectation that the new clothing factory will be in readiness for operation next week. Mr. Rothchild is already considering the advisability of enlarging the plant, and has suggested the erection of an additional building on the property.

# FIRE ALARM THURSDAY

The fire department was called to the residence of J. P. Lippincott, 1120 West College avenue Thursday. Sparks had set fire to the roof. The blaze was extinguished with but little damage, which is fully covered by insurance.

# CITY OFFICIALS ARE ARRESTED ON CONSPIRACY CHARGE

## Mayor of Newport, R. I., is One of Accused Men

(By The Associated Press)

NEWPORT, R. I., Feb. 16.—Two city officials of Newport, including the mayor and three county officials of Campbell county were arrested today by Kentucky State Guardsmen on charges of conspiracy to violate the federal prohibition law. A sixth official named in the charges has not been found.

Those arrested were: Mayor Joseph Herman and Chief of Police Reginald of Newport, and County Attorney Conrad Matz, county Detective Edward Hamilton and County Patrolman Charles Bullett of Campbell county.

County Patrolman John Sheeran, the sixth official is being sought by the soldiers.

As rapidly as the arrests were made the men were arraigned before United States Commissioner Roeten, at Covington, and released on bond of \$2,500 each. All cases were set for preliminary hearing March 15, except that of Mayor Herman, who will be given a hearing March 27.

It was explained that the real offense charged against the officials is failure to attempt to stop violations of the prohibition law. The claim was made that the violations in Campbell county were so flagrant that the officials charged with enforcing the laws should have known of such violations.

# BRIEFS

FORT DOUGLAS, Ia., Feb. 16.—The Snell Shops building, a business block, occupied by 11 firms, including the Post-Telegraph Co., was destroyed by fire here early today. The loss is estimated at \$300,000.

HOUSTON, Tex., Feb. 16.—A disastrous fire started this morning at Ellington Field, twenty miles from here. Two men were injured when their plane crashed into the gymnasium and the fire which started was spread rapidly by a stiff breeze.

CAIRO, Ill., Feb. 16.—A warrant, charging manslaughter, was issued today against the Rev. Joseph Reich, Catholic priest in connection with the death of John Burton, 3 years old, who died as the result of injuries suffered when struck by an automobile driven by the priest Jan. 3, last. The coroner's jury exonerated Father Reich, but the warrant was issued following the priest's indictment yesterday.

CHICAGO, Feb. 16.—Frank O. Lowden, former governor of Illinois, will sail Saturday from New York for a three-months trip abroad. Mr. Lowden will be accompanied by several members of his family and will be joined by two daughters in school abroad. Mr. Lowden said that the trip would be entirely one for "a vacation and pleasure, with business forgotten."

CHICAGO, Feb. 16.—George Mohring, 22, and his brother, Robert, 18, must attend church regularly and must get on their knees before their mother and beg forgiveness for the trouble they have caused her, under the terms of sentence imposed on them by Judge Boyer here. The boys were arrested for theft of automobile accessories.

ALBANY, N. Y., Feb. 16.—A resolution calling for the members of the New York State Motion Picture theatre owners' association, now in session here to agree not to show any picture in which appears a star or performer who has been proved to be immoral, or who has been "involved in any lewd, indecent or immoral action," was adopted unanimously by that organization in session here today.

# SAYS MEXICAN REBELS AIDED BY AMERICANS

## Statement Issued by Member of Obregon's Cabinet

(By The Associated Press)

SAN ANTONIO, Texas, Feb. 16.—Declaring that rebel activities in Mexico are inspired by American interests General Plutarco Elias Calles, minister of state in President Obregon's cabinet is quoted in a despatch received in San Antonio today by La Prensa Spanish language newspaper as saying that immediate executions of rebels are necessary for the safety of the Mexican government.

Those who have been put to death, General Calles is quoted as saying have been the instruments of American enemies of Mexico, and the Mexican government is in possession of proofs of this connection.

Everytime there is an atmosphere in Washington favorable to the establishment of definite relations with Mexico, the interview continues the enemies of Mexico spend large sums to encourage riots, disorders, looting, blowing up of trains and similar depredations.

Rebel activities continue in a number of Mexican states, according to La Prensa. In Chihuahua the paper reports General Rosalio Hernandez who served under Villa and Carranza has taken up arms with 107 followers and is attempting to join Nicholas Rodriguez, another rebel leader. Sixty five men have deserted the Garrison at Casas Grandes and joined General Manuel Gutierrez it is reported. His forces are growing stronger daily, it is said.

# SEVEN DELEGATES BEGIN WORK ON REVENUE ARTICLE

## Will Try to Have Some Definite Plan to Present

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 16.—Charged with the responsibility of drafting a revenue proposal upon which various elements of the constitutional convention can agree a committee of seven delegates appointed by President Woodward tonight began their task in an effort to report some definite plan to the convention when it reconvenes next Tuesday.

Failing to make any progress thru the labyrinth of tax problems with which it wrestled for three days this week, the convention supported a resolution offered by Delegate Jarman of Rushville to put the matter in the hands of a committee.

Delegate Jarman was named by the president as chairman of the committee with the following members: Delegate Rinker of Carlinville; Fifer of Bloomington; Lindley of Greenville; Taft of Canton and Hamill and Shanahan of Chicago.

As a result of this week's session the convention became only more deeply entangled in the problems of the revenue article. The few tentative agreements made were reached while sitting as the committee of the whole and are not binding upon the convention in formal session. These agreements related only to income taxes and exemptions. The convention functioned with little more than a bare quorum this week.

# PUNISH ATTORNEY FOR CONTEMPT OF COURT

Shreveport, La., Feb. 15.—Suspension for six months unless sooner restored was the penalty imposed this afternoon by Judge Hutcherson upon United States District Attorney Hugh C. Fisher, of the Western District of Louisiana for contempt of court for making charges against Judge G. W. Jack. Fisher also was disbarred from practicing in the federal court for the same period.

# WOMAN MAYOR WILL BE CANDIDATE

St. Peter, Minn., Feb. 16.—Mrs. A. K. Gault, mayor of St. Peter, announced today that she would seek the Democratic nomination for congress from the third Minnesota district.

Widow of A. K. Gault, prominent as a railroad builder, Mrs. Gault was chosen mayor of St. Peter last April, the first woman mayor in Minnesota.

# PIRES CASE LIKELY TO BE CONTINUED

Another postponement of the trial of Ellsworth Pires for the murder of James Gaddis is likely. A telephone message received by W. N. Hairgrove yesterday indicated that Judge Jones is still confined to his home by illness. It is not thought probable that he will be able to come to Jacksonville next Monday, when the case is set for trial.

# WANT COMMITTEE TO VISIT MUSCLE SHOALS AND INSPECT PROJECTS

## Would Send Seventeen Committeemen to the Scene—Also Suggested That Military Committee Visit the Site—Alabama Power Company Offer Attracts Attention

(By The Associated Press)

WASHINGTON, Feb. 16.—First consideration by the senate agriculture committee on the Ford offer for purchase and lease of the government's properties at Muscle Shoals, Ala., resulted today in the presentation to the senate of a resolution asking authority for the 17 committeemen to inspect personally the projects in Alabama. A suggestion by Representative Miller, Republican, Washington, that the house military committeemen who are investigating the offer, also visit the properties was tentatively considered by that body.

The senate resolution was referred to the auditing committee. Appropriations would be necessary to meet the expenses of the two groups and it was said to be principally because of the fact that the house committee reserved decision on Mr. Miller's suggestion. Chairman Kahn said he believed it would be possible for members of the house and of the senate to visualize Muscle Shoals by use of motion pictures.

He accordingly arranged to give a movie show in the house office building caucus room and invite all who were interested.

J. W. Worthington, chairman of the executive committee of the Tennessee River Improvement association and adviser to Mr. Ford on the Muscle Shoals transaction was the only witness heard today by the military committee. He offered the use of a film which, he said, depicted the development of Muscle Shoals from the time the first soil was turned to its present stage of completion and revealed the various plants and power projects as they stand at the present time. The offer was accepted and action on the suggestion for a visit was deferred at least until after the picture had been seen.

**Counter Offer Gets Notice.**

The counter offer of the Alabama Power company for purchase and lease of the properties received general attention at the capital today altho it was not officially before the legislators.

Mr. Worthington agreed at the suggestion of Representative James, Republican, Michigan, to put a statement in the committee's record which would show the number of minimum tons of finished fertilizer which could be produced annually by Mr. Ford at Muscle Shoals.

Several members asked whether Mr. Ford would agree definitely to produce a fixed amount of fertilizers in their complete forms and were informed by the witness that he believed it an impossible thing for the Detroit manufacturer to do. Members who pressed the question said they wanted a clause written into the offer which would guarantee production of fertilizer at a given figure as a substitute for the existing language which they asserted promised only the production of nitrogen and fertilizer compounds.

# CHIEF KILORAN WARNS AGAINST VIOLATION

## Ordinance Against Notices on Trees and Poles Being Violated.

Chief Kiloran yesterday called attention to the violation of the ordinance against the posting of posters, advertisements and notices on poles and trees within the city limits.

The chief said it had been reported to him that some one was posting advertisements for candidates for political offices on trees, telephone, telegraph and electric light poles in various parts of the city. Mr. Kiloran says whoever is doing this will be arrested and fined.

Section 13, of Chapter Twenty-Eight defining misdemeanors of the City Ordinance reads as follows:

That it shall be unlawful for any person, individual, corporation or company to tack, paste or otherwise attach to or upon any telephone pole, telegraph pole or electric light pole or any other pole or post or tree within the city of Jacksonville, any advertisement, notice, paper, cloth or other thing, and every person, individual, company or corporation violating this section of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than three dollars and not more than five dollars for each and every offense.

# PRESIDENT GIVES CONGRESS ADVICE ON SOLDIER BONUS

## Pay it With General Sales Tax or Postpone Action

(By The Associated Press)

WASHINGTON, Feb. 16.—Pay the soldiers bonus with a general sales tax, or postpone the legislation was President Harding's advice today to congress.

Chairman Fordney, of the house ways and means committee, and Chairman McCumber of the senate finance committee, said they did not think the bonus would be proposed but were silent as to a sales tax.

Leaders of the agricultural blocs were outspoken against the tax and threatened to counter with a program which would include re-enactment of the excess profits and higher income surtaxes and an increase in inheritance and some other such taxes.

Proponents of a sales tax professed to be confident that because of the strong desire in both the house and senate to put thru the bonus bill at this question, a majority of the members would come to accept this levy rather than see the bonus program defeated.

**Will Move Slowly.**

Pending more careful consideration of the whole problem seemed to be a disposition to move slowly.

The president's letter, addressed to Representative Fordney, was read at a joint meeting of Republican members of the house and senate committee dealing with the bonus question who agreed to leave the matter in the hands of the majority members.

Former service men now members of the house—about a score in number—discussed the question of writing a formal letter to Senator McCumber urging that enactment of the bonus bill be not postponed.

Opposition to any postponement of the legislation also was expressed by John Thomas Taylor vice-chairman of the national legislative committee of the American Legion. He declared that the need for the passage of the bill was immediate, and added: "The legion does not intend to be drawn into any discussion upon any proposed method for raising the revenue to meet this obligation."

**SERVICE BRINGS ITS DOUBLE REWARD**

One of the finest gatherings that Jacksonville has seen in many a day was that Thursday night when members of five organizations met to indicate their feeling of fellowship and their understanding that present day farm problems are the problems of all.

People nowadays pretty well understand that as goes the county, so goes the city. In other words, everybody is interested in the welfare of farming. That is the basic thing. It is not a new thought, but will bear frequent repetition, that the interests of the city of Jacksonville and the outside precincts of Morgan county are identical.

It's a joy for the city man to try to help along the farmer, just because of his really very high regard for that farmer. But it's worth while to remember along with the deep-seated affection that the city man has for his rural friend, that every time he aids the farmer he is also boosting his own game.

**AN APPRECIATION OF EX-GOV. YATES**

(A. L. Bowen in the State Journal) Probably the happiest man in Springfield last Monday was Congressman at large and former Governor Richard Yates, who had the distinguished honor to introduce Vice President Coolidge and General Pershing at the Lincoln birthday celebration the night before.

Governor Yates received an ovation from the great audience, exceeded only by that which it gave to General Pershing.

It was through his efforts that these two men came to Springfield for this event. He interviewed them in Washington in person and delivered the invitation of the Mid-Day club. He told them what he wanted and what Springfield wanted. Each thought that the other would be sufficient to the occasion. To Pershing he said, "This is an era of peace and good will. Can you not understand and appreciate the opportunity that is yours to speak at the home and the tomb of Lincoln and to give to the world a message of hope? This is the great opportunity for the leader of the military forces of the nation that has taken the foremost rank to preserve the peace of the world."

"I'll go," replied Pershing. Mr. Coolidge pleaded his official duties. "You have never visited the home and tomb of the immortal American," said Mr. Yates. "This is your great opportunity. Can you permit it to be said that you did not accept it? The people of my state and of my home will give you a warm welcome. They want to see and hear you."

"I'll go," replied Coolidge, and thus the two men came to Springfield.

It was fitting that Mr. Yates should preside. His father was governor of Illinois when Lincoln was the president of the United States. The elder Governor Yates was a national figure in the Union cause. He and Lincoln were friends.

Was Given at High School Thursday Evening—Production—Will Be Repeated Tonight.

An unqualified success was the vote of the large audience which attended "The Masquerade Party," the big musical comedy given last evening in the high school auditorium. The production, which included two hundred persons in its cast, was put on under the direction of Miss Rosella Zura, of the Rosella-Zura Producing company.

Easy, snappy action, clever dancing, catchy songs and vivid costumes marked this musical farce on the masquerade party. Each member of the main cast excelled former performances and the large choruses showed the careful training of the last several weeks for the two acts of fun and excitement went off without a hitch. The two specialty acts added to the evening's program and the high school orchestra had a share in the success.

No doubt everyone who missed this play Thursday evening will want to go tonight to the last performance. The opportunity to see and hear the best of our local talent in as original and amusing piece as "The Masquerade Party," only comes one more time.

The following program gives the synopsis of scenes, the musical numbers and the principals in the comedy.

**Program.**  
Act 1. Scene 1. A pretty suburban garden near New York City. Set for a large party of college boys and girls.  
Act 1. Scene 2. The Weber family's homestead; exterior.  
Act 2. Same as Scene 1. Set for "The Masquerade Party."

John and Susie Weber, brother and sister, are just home from college for vacation. They find the "home town" and the home folks rather dull, so decide on a house party for their schoolmates.

To wake up Father and Mother Weber, and to put their rich aunt, the Crabbed Village Parson and the Official Chaplaine, in good humor they give "The Masquerade Party."

John loves Grace Loveland and Susie finds Billy Donnelly all that her heart can ask for. The Parson and the Chaplaine begin to enjoy life in spite of themselves, and a mutual admiration ensues.

Father and the Parson wear similar masquerades and "the plot thickens." Bridget, the cook, and Jimmy, Weber's handy man, philosophize life as they see it. There is much singing and dancing. Cupid finally gets his own way and all ends happily in the Grand Finale.

Plan to Give Twelve Candidates the Royal Purple Degree—Many Visitors Are Expected.

Members of Ridgeley Encampment No. 9 are planning for a big time tonight when twelve candidates will be given the Royal Purple degree. The work will be given in the Odd Fellows hall on West State street.

The degree team under Captain S. J. Carter have been rehearsing during the week and have the work down to a fine point.

Members from nearby camps are expected to attend. Waverly, Chapin, Concord and Meredosia having sent word that delegates from those camps will be present.

After the work a banquet will be served. A committee consisting of Charles Goodey, Herman Opperman and Ellis Henderson will see that a good menu is provided.

**MRS. MARY LANKFORD DIES AT WINCHESTER**

Well Known Resident Passed Away After Brief Illness Thursday Evening—Other News from Scott County.

Winchester, Feb. 16.—The death of Mrs. Mary Lankford came at about 9 o'clock Thursday evening at the family home on East Cherry street. The deceased had been ill but a brief period and news of her death will therefore come as a shock to her many friends. A suitable obituary sketch will appear in a later issue. No arrangements have yet been made for the funeral, and will be announced later.

Luther Mason of Peoria and son Corwin of Jacksonville spent Wednesday and Thursday with the former's mother, Mrs. Robert Mason.

The many friends of Fred M. Coultas will be surprised to learn of his marriage to Miss Lois Hill of Sesser, Ill. The ceremony was performed at Benton on Wednesday, Feb. 8. The groom is son of Mr. and Mrs. Charles Coultas and belongs to one of the well known families of Scott county. For the present the young people will reside in East St. Louis. They have the best wishes of a host of friends.

Members of the household science department of the Woman's club held a meeting at the home of Mrs. Fritz Haskell Wednesday afternoon. A business session was first held and then came an address on "Interior Decorations" by Miss Bertha Miner. Afterward came a discussion in which those present joined. At the business session delegates were named to attend the state household science meeting to be held in Monmouth Feb. 22 and 23.

Miss Miner, who is one of the delegates, will appear on the program with an address on "Music of Today." Mrs. Calvin Simmons is the other delegate with Miss Vera Dahman as alternate.

At the close of the program a dinner was served, the menu including roast beef, mashed potatoes, gravy, creamed peas, buttered rolls, relish, pineapple salad, wafers and coffee. A large number of the club members were present and all thoroughly enjoyed the occasion.

Gen. Husted, Charles Woodall, Bert Bran and Emil Walker were in Springfield this week to attend the school of instruction of the chivalry association.

The revival services at the Methodist church was largely attended Thursday evening. The great increases nightly and many persons indicated their desire to lead a better life at the service Thursday evening. Dr. Violette altho not in good physical condition delivered a very forceful sermon, and was heard with the closest attention by the large audience.

Experiments at the University of Oregon showed that one fruit fly produced 145 female offspring and no males.

Vassar students have pledged \$100 each to raise the teachers' salaries.

**LANDLORD-TENANT COMMITTEE REPORT**

Was Made at Meeting Held in Farm Bureau Office Thursday Afternoon.

As a result of the recent conference of the landlords and tenants in Morgan county, a joint committee of the two bodies was named and yesterday the following report was made public at the meeting held at the Farm Bureau office:

**"Report of Committee of Landlords and Tenants.**

"The joint committee after a frank discussion of numerous problems of landlord and tenants agreed upon the following recommendations:

"1. That no matter what system of leasing is followed, whether cash or grain, there should be only the most cordial relations between landlord and tenant.

"2. That in keeping buildings in repair landlords should furnish material and the tenant should furnish labor except where skilled labor is required or where it makes a special strain on the tenant out of season.

"3. That in applying fertilizer if the landlord furnishes the fertilizer the tenant ought to do the handling with the understanding that if the tenant leaves before the time the fertilizer is exhausted the tenant should be reimbursed for the portion of labor for which he has not been reimbursed.

"4. The general sentiment was that a tenant should be reimbursed if he sowed a crop of legumes and the tenant moves away before getting any benefit from it.

"5. That we favor an increase in the acreage of legumes.

"6. That we favor a farm management lecture as a conclusion to the series of conferences.

"7. Some sentiment in favor of operating livestock farmers on 50-50 basis.

"John Rexroat, Chairman.

Jacksonville High school will continue to have moving pictures at the auditorium every Tuesday evening, until sufficient money has been made to liquidate the cost of the machinery at is to be owned by the school.

The pictures that have been shown at the school auditorium have been greatly appreciated by all who have seen them.

The new program of movies that have been scheduled for the coming weeks are as follows:

February 21—"The Fairy and the Wolf."

February 23—"Dombey and Son."

March 14—"The Little Samaritan."

March 21—"Snow White."

April 4—"Silas Mariner."

April 11—"Twenty Thousand Leagues Under the Sea."

The list of pictures listed are all high class and are selected to cover the tastes and fancy of all the school children of the various grades. There will probably be additions to the list as there are at present some open dates.

### ST. VIATORS WINS FROM ILLINOIS

Visitors Defeat Blue and White by Score of 24 to 13—Show Great Speed and Accuracy in Shooting.

Showing one of the best teams ever seen on a local floor St. Viators defeated Illinois College in David Prince gymnasium Thursday night by a score of 24 to 13.

St. Viators did everything a little better than Illinois. The visitors played a wonderful passing game and also showed remarkable accuracy in basket shooting. They seemed to be able to hit the hoop from any angle and at any distance.

One place St. Viators had it on Illinois was in speed. The visiting players seemed to be able to get in front of the Illinois players and time and again intercepted passes and got possession of the ball when the visitors would have been successful against a slower team.

Illinois does not seem to be able to get back into the stride she displayed earlier in the season. This is particularly true in basket shooting. Mellon missed several easy ones right under the basket and Dale also was not in the form shown in the Normal game.

Cully tossed two beauties in the first half and seemed to be the only Blue and White player who had the proper range.

The St. Viators team is a well balanced one and follow the ball in excellent fashion and seem to be able to hold on to it after once getting hold. The score at the end of the first half was 14 to 8 in favor of St. Viators.

At the beginning of the second half St. Viators temporarily lost the range of the basket and it was at this point that Illinois had an opportunity to overcome the lead. However, the locals also were unable to hit the hoop the having several chances.

The game was a pretty one from the spectators viewpoint, as there was plenty of action and some excellent work in spots. The Illinois team has another tough game Saturday night, when Bradley comes here. Bradley defeated St. Viators at Peoria Tuesday evening, so it may be seen that Coach Harmon's men will have their work cut out for them. The score:

### ASK GIFTS OF CORN FOR NEAR EAST RELIEF

Supt. Vasconcellos Sends Letter to Schools of the County.

Supt. Vasconcellos is very much interested in having the children of the 104 county schools take part in the Gift Grain Campaign for Near East relief orphans. Publicity matter being given to each child is to be taken home and parents are expected to respond by contributing grain to the Near East Relief. Grain is to be sent to the nearest elevator. At least two car loads are expected from Morgan county farmers. Mr. Vasconcellos' letter to teachers follows:

Jacksonville, Ill. Feb. 16, 1922.

Dear Teacher:—

The Near East Relief Committee, through the farmers of Morgan county, is making an effort to gather two car loads of grain, to be sent to feed the hungry orphans, in the Near East. You are again asked to lend your aid in this worthy cause, by distributing cards, a supply of which will be sent you under another cover, to the children in your school, to be taken by them, to their homes. Your assistance is not asked any further than the distribution, as the matter will be managed from then on, by other interested persons in your community.

Trusting that you will comply with this request to help the committee in this splendid work, I remain,

Yours very truly,  
H. H. Vasconcellos,  
County Supt. Schools.

J. M. Daniels was a business caller in the city Thursday from Litterberry.

WHAT WILL MORGAN COUNTY FARMERS DO?

How will we answer this telegram, received by W. H. Crum, Gift Chairman of Near East Relief? "South Dakota already loaded one hundred forty six cars gift grain, Nebraska ninety four, Indiana eighty five, Iowa fifty, Illinois only eight. Illinois farmers as big-hearted and generous as any but they must give quickly as free shipment ends February 28. How many cars can you get immediately?" Signed, Frank I. Mann, State Chairman. Can we answer "Count on Morgan county for two cars?"

inent southern Illinois physician,  
arrested yesterday on two indict-  
ments, charging murder, was re-  
leased today under \$40,000 bail.  
He is charged with the murders  
of Mrs. Clara Richwine and her  
aged father-in-law, William Rich-  
wine, found shot to death in their  
home in East St. Louis, Jan. 9,  
last.

SPRINGFIELD, Ill., Feb. 16.—  
The Chicago Motor Bus com-  
pany today asked the Illinois  
Commerce commission, for per-  
mission to operate motor busses  
on certain parts of Wilson ave-  
nue, Ravenswood avenue, Leland  
avenue and Hermitage avenue.

SPRINGFIELD, Ill., Feb. 16.—  
Permission to operate a motor  
bus line between Oglesby, La Sal-  
le, Peru and Starved Rock State  
Park, was asked of the Illinois  
Commerce Commission today by  
the Eddy Motor Bus company.

INDIANAPOLIS, Ind., Feb. 16.—  
Albert J. Beveridge, formally  
announced his candidacy for the  
republican nomination for United  
States senator of Indiana today.

party at Mr. Beveridge's home,  
attended by visiting republican  
delegations from all over Indiana.

### TO DRAFT MODEL MILK ORDINANCE

Dr. I. D. Rawlings, Director of the  
State Board of Health Pur-  
poses to do this—Will be Sub-  
mitted to all Cities and Villages

SPRINGFIELD, Ill., (By the  
A. P.)—A model milk ordinance  
to be proposed to every city and  
village in Illinois will be pre-  
pared soon by Dr. I. D. Rawlings, di-  
rector of the state department  
of public health. Proposal of the  
ordinance will be part of the state  
wide campaign for a safe milk  
supply, Dr. Rawlings said.

"Milk is our most important  
food and indispensable in the care  
of infants and children," the di-  
rector said, "and must be made  
safe if we want to protect the  
children against tuberculosis,  
typhoid fever, scarlet fever, septic  
sore throat, diphtheria and the  
many diseases of children."

"Show me a community with a  
high infant mortality rate and I  
will show you a community with  
an unpasteurized milk supply or a  
milk supply not adequately paste-  
urized."

At a conference called for the  
purpose of initiating the campaign  
the following attended:

B. M. Davidson, Director De-  
partment of Agriculture; A. J.  
Joles, Chief, Division of Foods  
and Dairies, Department of Agri-  
culture; Dr. A. A. Harding, Chief  
in Dairy Bacteriology, University  
of Illinois; J. P. Kilgus, Chief,  
Bureau of Food Inspection, Chi-  
cago Department of Health; Dr.  
C. W. East, Chief, Division of  
Child Hygiene and Public Health  
Nursing, Department of Public  
Health; Dr. Thomas G. Hull, Chief  
of Laboratories, Department of  
Public Health; Harry F. Fergu-  
son, Chief Engineer, State De-  
partment of Public Health; Dr.  
Ralph W. Nauss, Assistant Epi-  
demiologist, Department of Public  
Health; Dr. Thomas H. Leonard,  
Assistant Director, and Dr. Isaac  
D. Rawlings, Director of the De-  
partment; Dr. S. S. Winter, Chief  
of District Health Superinten-  
dents, Department of Health; E.  
S. Hardt, Superintendent of Field  
Forces, Department of Health;  
Dr. Elizabeth Ball, Pediatrician,  
Division of Child Hygiene, De-  
partment of Health.

### VALENTINE PARTY IS GIVEN AT HEBRON CHURCH

A valentine social was given  
Thursday evening at Hebron M.  
E. church, the event being espe-  
cially in honor of Mr. and Mrs. J.  
C. Swain, who are soon to leave  
that community to make their  
home in this city. The attend-  
ance was large and an interesting  
program was presented, including  
several violin selections by Miss  
Suzanne Rheinhart of this city.

The church was prettily deco-  
rated for the event, hearts and  
other valentine tokens being  
everywhere in evidence. The  
game and contests were also in  
keeping with St. Valentine's day,  
and altogether it was a very en-  
joyable event. The arrangements  
were made by the following com-  
mittee: Mrs. Daniel Ward, chair-  
man; Mrs. Albert Hopper, Mrs. A.  
G. Waterfield, Mrs. Eugene Hart,  
Mrs. Frank Hunter, Mrs. John  
Moore, Miss Anna Mae Wilson.

### LEASES FRUIT STORE.

Hopper & Hoffman have com-  
pleted arrangements for the lease-  
ing of their small building on  
West State street, formerly used  
as a fruit store. The place will  
be open for business about Feb.  
20 and will be in charge of W. R.  
Johnson, who has recently come  
to the city from Michigan.

### WELL KNOWN ATTORNEY DEAD

Chicago, Feb. 16.—John B.  
Miller, 71, nationally known law-  
yer died today. Among the best  
known cases in which he appear-  
ed were the defense of the larger  
Chicago packers against charges  
of violating the Sherman anti-  
trust act and the reversal of a  
\$29,249,000 fine assessed by  
Judge Landis against the Standard  
Oil company of Indiana on charges  
of accepting rebates.

Walruses have sometimes been  
so tame as to follow sailors on  
decks of Arctic ships.

known species of bats.

## CHAPIN LADIES AID SOCIETY MET THURSDAY

Mrs. Howard Tucker is Hostess to  
Aid Society of M. P. Church—  
Other Chapin News Notes.

Chapin, Feb. 16.—The M. P.  
Ladies Aid met with Mrs. Howard  
Tucker Thursday afternoon. The  
early part of the afternoon was  
spent in tacking two comforters.  
This was followed by a business  
session and social hour at which  
time the hostess, assisted by her  
daughter, Mrs. Arthur Burrus,  
served dainty refreshments.

W. W. Anderson reports that his  
brother, Oliver Anderson, who was  
operated on Wednesday, was do-  
ing as well as could be expected.  
Mr. Anderson is in a hospital in  
Quincy.

Mrs. Howard Tucker left Thurs-  
day night for Decatur called there  
by the illness of her mother,  
Mrs. Burke.

Werner Onken and Roy Seiber  
are expected from St. Louis Sat-  
urday to spend the week end at  
the Gustav Onken home.

Bert Young of Jacksonville, the  
Cadillac dealer, was a business  
visitor here Thursday.

The high school has received  
from the state library commission  
a consignment of library books for  
use in the community during the  
next ninety days. The consig-  
ment consists in the main of books  
designed for school use. Never-  
theless there are several books of  
general interest. Any of these  
may be secured from Miss Ina  
Shaul, who has procured the con-  
signment from the state library.

Henry Aufdenkamp of Arenz-  
ville was a guest Wednesday at  
the home of Louis Nienhueser.

Rev. and Mrs. O. W. Lough and  
children were Jacksonville visitors  
Thursday.

Mr. and Mrs. Joseph Stout were  
shopping in Jacksonville Thurs-  
day.

### MATRIMONIAL

Elks-Baker.

The marriage of Herman Elks  
and Miss Anna Baker of Oakford,  
Cass county, was solemnized in  
this city at 2 o'clock Tuesday af-  
ternoon. Squire W. T. Dyer offici-  
ating at the court house. Court  
house employees witnessed the  
ceremony. The groom is a far-  
mer and he and his bride will  
make their home on a Cass coun-  
ty farm.

### MISS POWELL'S RECITAL.

Lovers of good reading have  
long and happily anticipated the  
annual recital of Miss Janette  
Powell of the faculty of the Wo-  
man's College and the event fully  
justified our anticipations. Miss  
Powell's reading was sincere and  
full of a fine and convincing sym-  
pathy. Her stage presence was  
lovely. The selection, Percy Mac-  
Kaye's, "Jeanne d'Arc," fine as it  
is in dramatic art and noble and  
universally appealing in theme  
was most gratifying to the ap-  
preciative audience that greeted  
the reader and especially fortunate  
for Miss Powell herself. She  
was at her best in it and her best  
is very, very good. "Jeanne  
d'Arc" herself—"God's maid for  
the salvation of France," was es-  
pecially appealing and deserves a  
longer comment than can be made  
here. Colin Charles VII., "The  
Duc d'Alencon" tho of secondary  
importance, was well rendered.  
Miss Powell's cutting preserved  
all the five acts of Percy Mac-  
Kaye's drama.

Act 1.—The Ladies' Tree—  
1428.

Act 2.—The Castle of Chinon  
—1429.

Act 3.—A Meadow Outside the  
Walls of Orleans—1429.

Act 4.—"Jeanne's Camp Before  
the Walls of Troyes—1429.

Act 5.—Prison at Rouen—  
1431.

### PARISIANS WIN ON CARPENTIER.

PARIS.—(By the A. P.)—Five  
hundred Parisians who went to  
London to see the Carpenter-  
Cook bout are reported to have  
returned to Paris with many Brit-  
ish pounds sterling after all ex-  
penses had been paid. They  
found it difficult to place money  
before the fight, followers of Cook  
asking odds of four to one, ac-  
cording to the statement of one  
of the French party. Most of the  
money was wagered between the  
second and third round. Carpen-  
tier had been consistently giving  
ground during the first two  
rounds. Cook many times having  
the Frenchman against the ropes  
giving the impression of greater  
strength.

After the bell sounded at the  
finish of the second round, a  
prominent "boulevardier"—a  
close friend of Decamps—arose  
and shouted: "Five hundred  
pounds even Carpentier wins in-  
side six rounds." Throughout the  
arena at once there was an ex-  
change of accepting nods ranging  
from 100 to 500 pounds sterling.  
The rest is pugilistic history.  
The fight seemed to begin at the  
tap of the bell for the third round  
and it was a much humbler Cook  
who went to his corner after the  
third round.

A noble lord, impressed by the  
showing made by Cook in the first  
two rounds is said to have drop-  
ped 1,000 pounds coincident with  
the dropping of Cook for the final  
count in the fourth round.

CHICAGO, Feb. 16.—A boy 16  
years old, underwent a serious  
operation while listening to a  
phonograph playing, "Livery  
Stable Blues" here yesterday.  
Only a local anesthetic was used.  
The boy had had other operations  
the physician said, and hated  
anesthetics so music was tried  
to keep his mind occupied. It  
was highly successful the physi-  
cian said.

### "SUN-KIST" AT THE GRAND

"Sun-Kist" was the offering at  
the Grand Opera house Thursday  
night, a Fanchon & Marco offer-  
ing heralded as a musical hilar-  
ity. "Sun-Kist" was staged in  
fourteen incidents and the au-  
dience present found it very enter-  
taining. A musical comedy in  
somewhat new form, it presented  
much of interest as one scene  
changed to another. The costum-  
ing was especially handsome and  
the scenery more than usually  
lavish. The work of the comedi-  
ans might be summed up as the  
best feature, and "Sun-Kist" as  
a whole was an excellent enter-  
tainment.

### HELD PUBLIC SALE

A sale was held by George W.  
Snyder at his residence on the  
Ransdell farm four miles from  
Franklin Wednesday. The offer-  
ings of livestock and implements  
brought very satisfactory prices,  
as they were of good quality and  
the sale was well attended. F. A.  
Seymour was the auctioneer and  
Richard Whalen the clerk.

Mr. Snyder was selling surplus  
stocks and supplies before taking  
possession of the Robert Smith  
farm a mile and a half north of  
Woodson, which he purchased last  
summer.

## The Art of Wearing Rings

Never wear two diamond rings close together; a better effect will be had if a turquoise, opal  
or emerald is placed between.

Do not wear a ruby next a plain gold ring for beauty is lost in that way; a ring with pearls or  
small diamonds adds much to the fire of rubies.

If you have a large or gorgeous ring, wear no other on that hand.

Never wear an antique or an odd ring and a modern setting at the same time.

The big, strong hand appears to better advantage with just the heavy signet ring, although  
one large set ring may be used.

If a ring is worn on the index finger the rest of the hand must be ringless.

The whiter the hand the more brilliant appear the gems worn, and a little study of contrasts  
will enable milady to avoid incongruities in jewelry, as well as wearing apparel.

We will be glad to give personal advice on this subject to any one desiring it.

### Will Give Bridge.

Invitations have been issued to an afternoon bridge party to be given by Mrs. Fred Begg and Mrs. L. F. Randall at Mrs. Begg's home on West State street, Wednesday, February 22nd.

### Hostess to Club.

Mrs. J. V. Kennedy was hostess to the members of her five hundred club yesterday afternoon at her home on Goltra avenue. Several hours were pleasantly spent with cards and the hostess then served a delicious three course luncheon. Attractive favors and decorations carried out the idea of Washington's birthday.

### Birthday Dinner for Catherine Kelley.

A delightful birthday dinner was given last evening by Mr. and Mrs. Louis Kelley at their home on South Diamond street in honor of their daughter, Catherine, whose birthday occurred yesterday. A number of Miss Catherine's little school friends were invited in and a delicious dinner menu was served. The table decorations were prettily suggestive of the valentine season.

### Hostess at Bridge.

Mrs. H. J. Smith was hostess to her bridge club yesterday afternoon at her home on North Diamond street. After several hours spent in playing the hostess served a delicious afternoon luncheon.

### Entertain Card Club.

Mr. and Mrs. J. A. Kehl entertained their five hundred club last evening at their home on

West Lafayette avenue. Four tables of cards were made up and a delightful evening spent in playing. The delicious little supper served during the evening carried out the Washington's birthday season with the use of flags and miniature cherry tree favors.

### Hostess to Fortnightly Club.

Miss Josephine Morey entertained the members of the Fortnightly club yesterday afternoon at her home on Caldwell street. Miss Georgia Fairbanks and Miss Bertha Mason had charge of the program and gave an interesting review of "The Story of a Pioneer," which is the autobiography of Anna Howard Shaw, the American woman who was so prominent in the Woman's Suffrage movement in the United States. Dainty afternoon tea was served during the social hour following the program.

### Entertain Bridge Club.

Mr. and Mrs. James Pyatt entertained the members of the Thursday Evening Bridge club last night at their West North street home. Three tables were made up for cards and a delightful evening was spent.

### Shiloh Aid at Phillips Home.

The Shiloh Ladies' Aid society met yesterday afternoon at the home of Mrs. J. H. Phillips, northeast of the city. The lives and works of the two great Americans whose birthday occur in February were discussed in the program.

Mrs. Nellie McGee, the presi-

dent, led the devotional services and the members joined in a song. Mrs. E. C. Dodsworth offered the paper. Mrs. Edna Strickler read an excellent paper on George Washington and Mr. Edgar Mills told of the life of Lincoln. The members answered roll call with valentine verses, and there was a short business session followed by a closing song and benediction. A delightful social hour ended the afternoon.

### Standard Bearers at Randle Home.

The Standard Bearers Society of Brooklyn church, met last evening with the three Randle sisters as hostesses at their home on Bissell street. The program was opened by Miss Harriett Cox, the president, who led the devotional services. The chapter from the study book, "A. B. C. Study Book of Foreign Missions," was in charge of Miss Elberta Whitlock and following this a short business session was held.

The rest of the evening was spent with music and games and the hostesses served attractive refreshments. There were a number of guests present at last night's meeting.

### Valentine Party.

A valentine party was given at the home of Lena Buchanan, 664 S. Diamond street, Wednesday evening. Twelve of her friends were present. The evening was spent with games and dancing and refreshments were served.

Among those present were: Mildred Robinson, Alma Meyers, George Roach, Frances Massey, Clyde Sagner, Georgia Wolke, Silberman Sagner, Robert Roach, Edith Myers, Troy Massey, Albert Meyers, Laura Buchanan and Marguerite Massey.

### W. A. Club Met With Miss Crowe.

The W. A. club met Thursday evening at the home of Miss Elizabeth Crowe. A very enjoyable evening was spent and at a late hour delightful refreshments were served. The members of this club are the Junior girls of the Routh High school. The girls will hold their next meeting March 2 at the home of Miss Helen Sweeney.

### Past Noble Grand Club Met With Miss Scott.

The Past Noble Grand club of Jacksonville Lodge No. 13, Rebekahs met Thursday evening with Miss Minnie Scott, 429 South Main street. There was a large attendance of members. After the regular business session a social time was enjoyed during which the hostess served refreshments. The refreshments and decorations were in keeping with Washington's birthday. The next meeting will be held Thursday, March 16, with Mrs. Charles Cully, 322 South East street.

### Northminster Mission Bodies Meet.

The Woman's Home and Foreign Missionary societies of Northminster church, met yesterday afternoon in the church parlors. There was a large attendance and the meeting was a most successful one. Mrs. Emma Baptist led the devotional services and Mrs. Mary Baptist was the literary leader of the day. Some especially interesting articles were read one on the "American Indians," by Mrs. Myrtle Moore and another on "Foreign Missionary Work," by Mrs. Nellie Timmerman. Musical numbers were given during the afternoon by Mrs. Lydia Scott, Mrs. Jennie DeFries, Mrs. Virginia Pires and Mrs. Margaret Carior.

After the regular business meeting a social hour was given in honor of Mrs. Emma Vieira who is soon to leave Jacksonville and make her home in Beards-town. A most pleasant hour was spent and attractive refreshments were served. Those in charge of the social hour were: Mrs. Carrie Joaquin, chairman, and Mrs. Mary Linn and Mrs. Bess Nunes as assistant hostesses.

### Centenary Aid Meets.

The monthly meeting of the Ladies' Aid of Centenary church was held at the home of Mrs. Martha Hoover on South East street Thursday afternoon. The attendance was large and the usual amount of business was transacted.

Mrs. E. L. Kinney, the Aid president, was in the chair for business discussion. The ladies will meet at the hospital Monday, February 20th to sew. The March home of Mrs. Weatherford March 2nd. On Friday, March 3d the ladies will hold an apron or measuring party at the church parlors.

During the social hour which followed refreshments were served. The hostesses were, Mrs. Eckhardt Hofman, Mrs. H. H. Stevenson, Mrs. Margaret Becker, Mercy Jackson, Mrs. Anna Brown, Mrs. Ella Phillips, Mrs. Elizabeth Harrison, Mrs. Fred Benson, Mrs. Elizabeth Alexander, Mrs. Martha Hoover.

### Woodson Woman's Club Met Recently.

The Woodson Woman's club held their regular meeting Wednesday, Feb. 15 at the home of Mrs. I. H. Fuller. There was a goodly number of members present and one guest. The program was in keeping with the valentine season. Mrs. W. G. Russel gave a paper on the origin of valentine day, following with a very interesting valentine story. Mrs. Fisher gave a reading entitled, "The Philosopher." A business session followed the program at which time the ladies completed plans to serve a lunch at the Woodson Bandboys concert which is to be held in Colton & Baxter's Hall, Feb. 23. Plans were also completed for market, Jackson's market, Jacksonville, Saturday, Feb. 25, the proceeds to go for the remainder of

the club's pledge for the Oak Lawn Sanitarium. Valentine refreshments were served at the close of the meeting. The next regular meeting will be on the third Tuesday, March 21.

### Heart Social at Grace Church.

About one hundred young people were present last evening at the "Heart Social," given by the Epworth League of Grace M. E. church in the social rooms of the church. The affair was very cleverly planned and the idea of St. Valentine's day and hearts, was carried out in the attractive decorations, the games, and the heart shaped ice cream and cake served during the evening.

Each guest was requested to bring with him a comic valentine and these were put in a box and afforded much merriment when they were taken out and distributed. As each guest arrived he was presented with a heart and a mitten. The heart was given to someone whom the guests liked and "the mit" to one whom the donor did not like. The person who received the largest number of hearts won the prize for the evening. The details of the party were cleverly worked out and the whole evening proved most successful. Miss Lucile Straight, as chairman of the social committee, was in charge of the event and she was assisted by a number of the other members of the league.

### Westminster Ladies Aid Held Meeting.

Members of the Westminster Ladies Aid society held a business meeting Thursday afternoon at the home of Mrs. J. H. Rayhill on Westminster street. The attendance was large and various matters of business were given attention. The society voted in favor of furnishing a room at Oak Lawn sanitarium and funds for this purpose will be secured at an early date. A social hour followed the business session, and at this time the hostess served refreshments.

### Wesley Chapel Bible Class Entertained.

The Wesley Bible Class of Wesley Chapel and their families were entertained Thursday night at the home of Rev. and Mrs. Bracewell on Webster avenue. About 52 were present and the evening was spent in a social manner and with games. Refreshments were served.

## ELEVEN YEAR OLD BOY MEETS DEATH

Jude Williams Thrown From Horse and Receives Injuries Which Cause Death—Accident Occurred on Farm Near Berea.

While attempting to ride a young unbroken horse, Jude Williams, eleven year old son of Mr. and Mrs. Milton Williams, of Berea neighborhood, was thrown upon a pile of brick and sustained injuries from which he died a half hour later.

The boy was in the barnyard with a little sister who was the only witness to the accident. Dr. Taylor of Ashland was immediately summoned, but the lad passed away shortly after his arrival. The family has lived in the Berea neighborhood for about three years, coming from Virginia where burial will be made. Besides his parents there are six sisters who survive, Grace, Gladys, Della, Edna, Imogene and Mary Christine.

### WORK DELAYS ALTON TRAFFIC.

The north bound Chicago and Alton passenger train which leaves Jacksonville at 6:31 A. M. was unable to go farther north than Delavan Thursday morning on account of a Chicago and Alton freight train colliding with an Illinois Central freight train at that place.

The collision occurred at the point of crossing of the two lines. The wreckage blocked the traffic of both roads and when the north bound train out of Jacksonville yesterday morning reached Delavan it was ordered back to Roodhouse to take the place of the 10:59 south bound passenger, which on reaching Delavan was returned to Bloomington.

The delay of the south bound train out of this city inconvenienced a number of persons who were to go south.

### WOULD DO AWAY WITH OLD LAW

Sydney, N. S. W.—(By The A. P.)—The police of Queensland should not be compelled longer to obtain permission of the authorities to marry nor should the character of their prospective bride be subject to thorough investigation, as formerly, the cabinet has decided.

Ever since the institution of the force, permission of the authorities had been necessary before marriage and the character of the intended bride, had been scrutinized closely. Long objection to these regulations on the part of the police culminated in a call upon the Premier by a delegation from the force. The action of the cabinet followed.

### MANY WORK DAYS LOST THRU DISPUTES.

LONDON.—(By The A. P.)—About 86,000,000 working days were lost as the result of labor disputes in the United Kingdom last year, says the Labor Gazette. This is the greatest loss of working time from that cause ever recorded in the British Isles and is more than three times that of last year. The number of workers involved was about 1,800,000.

This compares with a loss of 27,000,000 working hours in 1920 when about 2,000,000 workers were involved in labor disputes. The polar regions have a population of 300,000.

## BRADLEY WILL BE NEXT ILLINOIS FOE

Peoria Aggregation Plays Here Tomorrow Night—Lost Twice to Illinois Last Year—Are Going Good This Year.

Bradley Institute of Peoria, is the next college basketball attraction on Saturday night in the David Prince gymnasium. Illinois College met Bradley twice last season and won both games. The game on the local floor last season was a hair raiser. When time was up the score was tied and an extra five minutes period of desperate basket ball resulted in an Illinois victory.

Lately the Bradley team has been playing wonderful basketball. Augustana, Wesleyan, and St. Viator have been mowed down in succession by the Peoria team. Last Tuesday night Bradley won from St. Viator by 24 to 13. Last night this same St. Viator team defeated Illinois by 24 to 13. On the other hand Eureka defeated Bradley and Illinois had no trouble disposing of Eureka by 38 to 19. Basketball is an uncertain proposition and the Illinois players are determined to mix up the situation still more by a win over Bradley on Saturday night.

### FATHER AND SON BANQUET AT WHITE HALL CHURCH

White Hall, Feb. 16.—Father and Son Week is being observed by the Christian church. At a banquet Tuesday night 100 plates were served to fathers and men of the congregation. Dr. W. H. Garrison served as toastmaster, and there was a proposal and response to each subject as follows: "Our Sons," S. G. Sykes, Raymond Winters; "Our Fathers," Warren Campbell, D. V. Winters; vocal solo, V. T. Winters; "Our Mothers," Dr. F. N. McLaren, Byron Vermillion; violin solo, Edwin Lowenstein; "Our Church," Dwight Sykes, Charles Campbell, the latter serving in the absence of Dr. W. W. Billings; "Our Country," the toastmaster and the congregation singing America. The attendance was considerably augmented when the lecture hour arrived, when Rev. M. L. Pontius of Jacksonville, spoke on the theme of "If I Were a Boy."

The men had complete charge of the Sunday school session last Sunday, teaching the classes and leading in the singing. A men's class of 35 members was organized, and the organization was perfected in connection with the banquet Tuesday night as follows: President, Charles Campbell; Vice president, Howard Whitney; Secretary-treasurer, R. F. Barnett; Chairman of membership committee, Dr. F. N. McLaren; Chairman of social committee, Dwight Sykes.

## Queen Incubators Built to Hatch Without Trouble

QUEEN Incubators are famous for their large hatches of strong, healthy chicks that grow.

The Queen is accurately regulated, taking care of a temperature variation of 70 degrees without danger. It is built of genuine Redwood—very scarce in these days of imitation and substitution. Redwood does not absorb the odor from hatching eggs. Cheaper woods and pasteboard lining in iron and tin machines retain the odors to weaken the hatching chicks.

The Queen has double walls of California Redwood, with insulation between. The Queen hot water system prevents the eggs from drying out and provides ample moisture for the hatching chick. The Queen will come nearer to running itself without any more than ordinary attention than any other incubator made. (1)

This damper regulates your check draft and the direct draft to your fire.

## Queen Brooders

The Queen Colony Brooder is a new and improved design of brooder stove.

As will be seen from the illustration, the check and draft lids are cast together and operated together. Thus, when the fire is too hot, the wafer expands and closes the draft and opens the check, both at the same time. When it is too cool, the wafer contracts and closes the check and opens the draft. This keeps an even heat all the time, night and day, in cold weather or warm, and does it automatically. You don't have to pay any attention to it whatever. Just set the regulator for the proper temperature at the start of the season—it will do the rest. The Queen stove burns any kind of fuel with equally satisfactory results.

APPEAL MADE FOR JEWISH RELIEF WORK

Ben Cohen, Chairman of Local Committee Outlines Needs in Letter.

Ben Cohen, chairman of the Morgan County Jewish Relief Committee has sent out the following letter of appeal to people in Jacksonville:

"I am taking the liberty of writing you in reference to aid for the Jewish Sufferers in Eastern and Central Europe. In as much as I have been appointed chairman of Morgan county, it is my duty to do all I possibly can for this cause. Instead of forming committees in soliciting contributions which causes considerable annoyance, as there has been so many drives for funds in the past, I have decided to write direct letters to my friends.

"If you knew that just north of us in the pretty town of Peoria forty children died of starvation last week; and that three hundred more were slowly dying from cold and famine—Would You Help?" In five hundred once happy towns just like Peoria, in Eastern Europe, this is happening now. Why should a few more miles of distance dull your compassion? Why ignore a frightful misfortune three thousand miles away that you would rush to alleviate if it were only ninety miles away.

"To help these starving orphans and aged of Eastern Europe the Jews of America are conducting a campaign to raise a national budget of \$14,000,000. I know you will agree with me that we should not permit the Jewish people to carry the burden of this relief work alone—as they very largely have done during the past seven years—in spite of the fact that nearly 40 percent of all their funds has been expended for starving Christians.

"The newspapers tell something of the frightful conditions under

which the people of East and Central Europe are existing. The emergency is very great. Do not let them appeal in vain to us—surrounded by all the comforts of life.

Morgan county's total share of this fund is \$,000. Let each do his part and do it generously. Please mail your contributions to me payable to Josiah S. Hammerslough, Treasurer. This national appeal has strong endorsement of President Harding, of Secretary Herbert Hoover, and of all others doing American relief work abroad. It is a case of Give or Starve."

WHAT WILL MORGAN COUNTY FARMERS DO?

How will we answer this telegram, received by W. H. Crum, Gift Chairman of Near East Relief? "South Dakota already loaded one hundred forty six cars gift grain, Nebraska ninety four, Indiana eighty five, Iowa fifty, Illinois only eight. Illinois farmers as big-hearted and generous as any but they must give quickly as free shipment ends February 28. How many cars can you get immediately?" Signed, Frank I. Mann, State Chairman. Can we answer "Count on Morgan county for two cars?"

CITY AND COUNTY MEN HELD JOINT SESSION

Gathering Gave Emphasis to Fact That Farmers Problems are Incident With Those of City Residents—Address by Professor Handschin.

Professor W. F. Handschin, of the College of Agriculture made the principal address at a joint meeting of five Morgan County organizations held at the Paecek Inn Thursday night. The plan of having this joint meeting was conceived by the Farm Bureau and the 150 men present last night were of one mind that it was an excellent idea, the gathering serving to emphasize the fact that the problems of the city and the country are identical.

The organizations represented were the farm bureau, the Chamber of Commerce, the Kiwanis club, the Jacksonville Automobile association and the Rotary Club. There was mass singing led by Dr. Thomas Smith and then an excellent dinner was served. Charles S. Black, president of the Farm Bureau, expressed the pleasure the members of that organization had in meeting with the representatives in other organizations, and then he introduced Mayor E. E. Crabtree to serve as toastmaster.

Before the speaking program began Miss Beulah Tull sang with characteristic grace two solos. Mr. Wesner was the accompanist.

Working Together. Mayor Crabtree said that the very fact of such an assemblage gave proof of the wish of residents of the country precincts and the city to work in harmony in the solution of present day business problems.

Professor Handschin had the general subject of prices assigned to him and it developed into a discussion of some of the unusual conditions that followed the war and the possibility of helpful changes in coming days.

Following Professor Handschin representatives of various organizations extended greetings and voiced the wish of the members of these organizations to join in all movements for the common good. The speakers were: For the Kiwanis club, Carl E. Robinson; for the Chamber of Commerce, R. Y. Lewis; for the Automobile Association, J. G. Berger; and for the Rotary club, J. W. Walton, who appeared because of the absence of Vincent R. Riley, president of the club.

Professor Handschin told of addresses he had made before farmers organizations months ago in which he took the ground that lower prices were inevitable and on the way. He said that the trouble with the situation had been that lower prices for the farmer came so suddenly and without equally lowered prices for the commodities that the farmer must buy. He said, however, that some progress was being made to lower levels of other commodities, suggesting sugar and "flivers" as in the list.

The speaker said that farm prices are slowly recovering—that good business is just around the corner, altho he did not think that this was a sharp turn rather than a long turn. He suggested that the marketing movement for farmers is worth while and that aside from the matter of price the farmer must secure a knowledge of marketing conditions and all the things that affect the same.

Fixing vs. Setting Prices. Professor Handschin declared against price fixing and instanced the case of the Kansas farmers, who held their wheat for \$3, and the International Harvester Co., who increased prices on their products a year ago, as proof that prices can be fixed at a place not justified by conditions. Fixing a price and getting a price are entirely different matters.

One of the troubles today, as Professor Handschin sees it, is the habit of spending that people acquired during the days of war time profits. He considers that reduction in freight rates and in the price of coal must come before normalcy is restored. Referring again to the condition of farmers, he said that the recovery is not yet complete but that the day is not far distant when the farmer will find himself in a pretty comfortable position, if he is willing to adjust himself to normal facts. The closer prices must result in economies and efficiencies of production, these things rather than increased production.

Marketing Saving. Professor Handschin referred to economies in marketing as important, because of the large saving in individual cases but because of the very large number of persons affected and the possibility of a huge sum total of saving in this way.

The speaker laid emphasis on the thought that the farm situation is somewhat difficult but that the problem is being steadily and happily solved, and that it is just as well to bear in mind that the farmer is not alone in grief, for business, big and little, has suffered in the same way in the post-war period.

MANY OLD HOUSES NOW DILAPIDATED

Conditions of These Structures Has Place in General Housing Problem.

In the general discussion of the housing question one phase has been brought to attention by the workers of the Social Service league. There are a number of houses in the city now occupied but which in reality are not fit for tenancy. Some of these old houses have the weather-boarding off in such a way that only partial protection from the weather is afforded. In others the roofs are almost beyond repair.

In fact, there are some very old structures on which the owners have not expended a dollar for repairs in the last fifteen or twenty years. Very small rentals are charged and the houses are really in such a bad state of repair that it would not pay from a financial standpoint to expend any money on them.

Some of the houses would no doubt be condemned if brought to the attention of the proper authorities. Others would be repaired in view of the Social Service league workers, if a committee of citizens would take the matter up with the owners. The whole subject is one which merits investigation for bad and unhealthy conditions are reflected in the character and conduct of people who are housed in this way.

The subject has been presented to the Chamber of Commerce directors with the thought that a committee may be named to co-operate with the Social Service league in making some survey of the situation of all the relief that is possible.

IMPORTANT WILL CASE IN GREENE COUNTY

Effort Is Being Made to Set Aside Will of Late Alexander Morrow—Estate Valued at \$80,000.

The circuit court of Greene county will convene at Carroilton on the 27th of this month and will be a busy time on account of the large number of cases set. Owing to the illness of Judge Norman L. Jones, it is likely that either Judge E. S. Smith or Judge Frank W. Burton will sit on the bench.

One of the principal cases to be heard is the Alexander R. Morrow will contest. The decedent was a very prominent farmer of Greene county having spent all his life on a farm near Greenfield, with the exception of the last year or so, which he spent in the city of Greenfield with his nephew, Charles Nota Morrow and wife, Lena, who by his will are the sole beneficiaries and receive his entire estate valued at eighty thousand dollars. All his other relatives were left out and receive no share of the estate. The will is being contested on the ground of senility.

Thomas D. Masters of Springfield will be associated with T. McKnight, in the conduct of the case for the contestants.

The bill of complaint charges that Alexander R. Morrow was incapable at the time of the execution of said will of transacting the business of the estate, and that the influence of Charles Nota Morrow and his wife, Lena Morrow, who are the sole beneficiaries.

Help your Moulters Moul

Moulting time is the time that a hen needs assistance. It is the off-season in the life of the hen.

Think of the amount of a hen's energy, vitality and red blood that's required to reproduce a thousand feathers! (which is only an average plumage).

A moulting hen needs good health, good appetite and digestion. That's just what Poultury Pan-a-ce-a does for a moulting hen—gives her appetite and good digestion, so that she'll eat more and digest more.

Dr. Hess' Poultury PAN-A-CE-A

Helps your poultry through the moult. And starts your pullets and moulted hens to laying.

It contains Tonics that produce appetite and good digestion—Tonics that tone up the dormant egg organs—Iron that gives a moulting hen rich, red blood and a red comb. It contains Internal Antiseptics that destroy disease germs that may be lurking in the system.

No disease where Pan-a-ce-a is fed

Pan-a-ce-a helps your poultry to stay at par during the moult. They don't become run-down, pale and thin.

### DANGER OF JUST LETTING A COLD RUN ITS COURSE

Common Coughs and Colds That Hang on Persistently Are Apt to Lead to Serious Complications. Declare Authorities.

Public Warned to Beware of a Three Days' Cough and Break it Up Before It's Too Late, by Taking Kurokol, the New Scientific Discovery.

Money Refunded in Every Instance Where Kurokol Fails to Bring Relief.

Leading authorities are using every effort to arouse the public to the danger of letting a common cold just run its course for it is now definitely known that many serious lung complications such as pneumonia, grippe, etc., are the direct result of colds that hang on persistently.

Colds are curable and preventable and it is a duty everyone owes himself as well as his neighbors to break up any cold they may contract, before some serious disease gets him in its clutches. It is pointed out that a three days' cough is nature's warning and the time for immediate action has arrived.

Of all cough and cold remedies, Kurokol, the new scientific treatment, which has been accomplishing such remarkable results all over the United States and Canada, probably provides the safest, surest and quickest, as well as the most practical treatment for colds yet discovered.

According to the statements of thousands who have used it Kurokol is almost magical in its effect. The first dose usually stops the tendency to sneezing and coughing, and relieves the feeling of discomfort, and the second and third doses usually suffice to stop the progress of a cold altogether.

The wonderful efficiency of Kurokol in breaking up a cold is best shown by the fact that all druggists are instructed to refund money in any case where it fails to give satisfactory results after three doses have been taken. (Adv.)

EXHIBIT AT LIBRARY.

A number of interesting pictures are on exhibition at the public library this week, illustrating the life and work of George Washington. The story of his boyhood his home and parents, his service during the revolutionary war, and later the old white house as it appeared when Washington was the first president is attractively told in pictures. There is also a panel showing Washington at Valley Forge. The public library will be closed all day on Washington's birthday, Wednesday, Feb. 22nd.

ATTENTION CHAMBER OF COMMERCE

All members of Jacksonville Chamber of Commerce are requested to meet at headquarters, Friday afternoon at 2 o'clock to attend the funeral of Thomas Worthington in a body.

### GREENFIELD MEN HAD EXCITING WOLF HUNT

Large Number of Men Joined in Wolf Hunt in Country Near Greenfield—Other News of Interest From Greenfield.

Greenfield, Feb. 16.—There was a great deal of excitement around Greenfield when about 1800 or 2000 men had a big wolf roundup recently. Three wolves and one fox were killed and three wolves were reported to have escaped. The final round up was just south-east of town. The bounty from the wolves is to be donated to the Red Cross.

Saturday the Greenfield community again voted on the community high school proposition and for the levy of \$5,000 for the purchase of a site and the erection of a building. The proposition carried by a majority of 152.

W. I. Witt and sons held a sale of pure bred Big Type Poland China bred sows and gilts on the Henderson lot in Greenfield Wednesday afternoon. There were 30 hogs sold at an average price of \$42.50 each.

Mrs. Leroy Piper returned this week from an extended visit at Elmo, Mo.

Robert A. Mitchell died at his home in Greenfield on Feb. 7, after a long illness. He was 70 years of age and has resided in this community all of his life. For years he was engaged in the lumber business. He is survived by his wife, Mrs. Rose Mitchell and one daughter, Mrs. Edgar Carlin, one brother, James, and four sisters, Mrs. Martha Claridy, Mrs. Rachel Cress, and Mrs. Ellen Woodcock.

Funeral services were conducted from the M. E. church Thursday afternoon by Rev. J. W. Armstrong. Interment was in Rose Hill cemetery.

Mr. and Mrs. Britten Swain and little son, George William, of Denison, Tex., are visiting at the home of Mrs. Swain's uncle, H. A. Shields.

Miss Dorothy Ford of Jacksonville and her college friend, Miss Margaret Pessel, of Belleville, Ill., spent Saturday and Sunday with her parents, Mr. and Mrs. Wm. Ford.

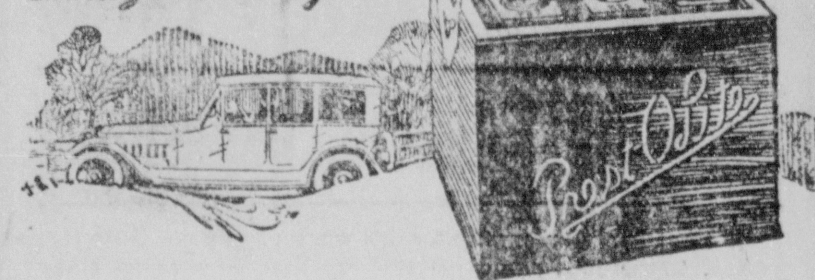

Mr. Frank Masters and daughter of Lynnville, spent Saturday and Sunday with his daughter, Mrs. Helen Ford.

Miss Ida Brossard, our community nurse, attended a Red Cross meeting at the Statler hotel in St. Louis last Monday and Tuesday.

Mrs. Judson Driver received a message Thursday that her father, Leroy Jacquith, of Terre Haute, Ind., was killed in an accident in Michigan. Mr. and Mrs. Driver left the same day for Indianapolis to attend the funeral.

Best O-Lite  
Storage Battery

### Best Battery for Winter Use

COLD weather driving makes heavier demands upon any storage battery. Engines are stiff—oil is sluggish—gasoline vaporizes slowly—lights burn longer—and the severe cold tends to cause battery deterioration. Only a battery of maximum power and vitality can meet these demands.

The Prest-O-Lite Storage Battery has proven in the toughest of cold weather tests, to be by far the best battery for winter use.

Why be satisfied with anything short of the best? There's a Prest-O-Lite for every car.

### Dan Moy's Experience-He Bought a Fordson

Dan Moy operates a farm out on the State Road, about two miles from Jacksonville. Dan has a son named Edward who is an all around average American boy, as ambitious as his father is ambitious for him. He wanted his boy in school and yet he needed his assistance at home. What did he do?

Mr. Moy bought a Fordson tractor and turned it over to Edward who, with speed, ease and pleasure, plowed the wheat ground, disked and harrowed it, and got his fall work done in first class shape, in plenty of time to enter high school when it opened. What will you do?

## A Fordson Tractor's Manifold Uses

On thousands of farms today the Fordson tractor is taking care of every power job. It is taking the drudgery out of farm work and solving the labor problem for the farmer. Power farming with the Fordson reduces the cost about one-half over doing the same work with horses, and saves from a third to a half of the farmer's time. What machinery is doing every day for the factories the Fordson tractor is accomplishing on the farm—It

## LIMITATION OF ARMAMENT CONFERENCE.

By Congressman Guy L. Shaw.

On February 6, 1922, the conference on the limitation of armament passed into history. The historians of the future will be able to more fully appraise it than can we who have been a part of it.

It will stand alone, unique in history as the most far-reaching in its influence, and the most successful endeavor to bring about good will, friendship, harmony and understanding among nations than any conference ever before assembled. With such relations established, how can peace fail to pour her blessed light on the hearts of mankind.

When nations can meet and give up points of vital interest and importance to themselves, in their consideration for other nations, the time has surely come when war can be made a thing of the past. We are applying the golden rule among nations for the first time in history.

Many reasons have been ascribed as the secret of success of the conference. It seems to me that the president in his address at the closing session touched upon the underlying principle. He said: "It has been the fortune of this conference to sit in a day of enough removed from war's bitterness yet near enough to war's horrors to gain the benefit of both the hatred of war and the yearning for peace." Added to this almost subconscious feeling was the fundamental principle of equality of nations without which success would have been impossible.

Furthermore, the limitation of armaments to be discussed was a great factor in the victorious outcome of the parley.

There were just three things to consider. First—The limitation of armament. Second—The termination of the Anglo-Japanese Alliance, and third—Aid to China.

As you already know, naval armament has been limited. A 10 year holiday is assured. Land armament reduction was not gone into on account of France's stand for a big army to protect herself from Germany.

The Anglo-Japanese alliance has been abrogated by the four power treaty.

Aid to China in her endeavor to maintain her sovereign rights

has been promised in many treaties and resolutions.

Numerous questions arising from the discussion of these main issues, have been amicably and gloriously adjusted.

The settlement of the seemingly hopeless Shantung question is alone enough to justify calling the conference.

Japan is very happy over her success in keeping this Shantung controversy out of the conference proper. Her pride would never have allowed the discussion of this subject in any open way, because she promised at Versailles to give Shantung back to China, and for the matter to have been brought up again as a part of the agenda of this conference would have been a reflection upon her integrity. So the discussions between Japan and China were held only in the presence of Mr. Hughes and Mr. Balfour and the pact was signed in their presence only on February 4th. It would have been impossible for China to enter into the treaties negotiated here without first knowing the terms of settlement of the Shantung trouble.

It is interesting to note that the English language was used in the Shantung treaty and the two copies were signed in English one being sent to Tokyo and the other to Peking. No country conducted herself with more statesmanlike demeanor than Japan and she is justly proud of the concessions she has made to China. She is also proud and happy over the allaying of the suspicion she had entertained in regard to the attitude of the United States toward her. A thing that was not openly talked about but was perfectly understood by all nations was the possibility of war between America and Japan as a result of Pacific controversies. Great Britain was alarmed about this war talk as much as either of the two nations involved, because under the Anglo-Japanese treaty she feared she would be obliged to go to the assistance of Japan in the event of war with us. Now the Anglo-Japanese treaty is a thing of the past and friendly relations have been again established between the United States and Japan and the deep friendship between England and America is undisturbed.

The Chinese people have gained much in the conference and they are correspondingly grateful for consideration shown them.

France made deplorable mistakes, we think in the conference and the French papers are still loud in their censure of the action of France on several vital points. France has, however, not lost the long standing friendship of the United States and we feel confident that with future developments France will come to feel that she can reduce her armies and her navy with safety to herself and her colonies. The one remaining French delegate at the end of the conference M. Sarraut, had a very ungrateful and difficult task. He conducted himself with great dignity and equanimity and was gratified at the prolonged applause when he went forward to sign the treaties on Monday.

Italy, the Netherlands and Portugal, all expressed in a masterly way their satisfaction with the accomplishments of the conference.

Mr. Balfour in his farewell address, referred with statesmanlike courage to the peculiar problems which special conditions in China had given rise to, the dominant question of the conference. He expressed unbounded admiration for the open, diplomatic plan of America in handling the situation. King George of England, in a notable speech, has set his stamp of approval on the outcome of the conference.

The treaties signed on Monday were (1) The Naval Limitation Pact; (2) The Supplement of the Four Power Pacific Treaty; (3) The Poison Gas and Submarine Treaty; (4) The Nine Power Treaty, recognizing the Sovereignty of China and (5) The Chinese Customs Treaty.

So it is manifested that not only has the desire and wish for practical things have been done to carry out that desire.

Throughout the signed treaties and resolutions there is provision for future conferences, assurance of desire to come together in the same spirit of concession and confer with one another on any questions that may arise of international concern.

Eight years hence a five-power conference will be held to again discuss naval armament. A five-power commission will meet and revise the rules of warfare. These two conferences were definitely arranged because of the undoubted scientific and technical developments which might make changes advisable and necessary. A commission was planned to regulate Chinese tariff and a board of conference was created to consider questions arising in connection with railway matters in the far east.

President Harding did not attend any session of the conference. He welcomed the delegates at the first session and withdrew. He expressed appreciation of the accomplishments in his farewell speech to them in the last session. He did not see the treaties signed. He entered the hall with his side just as the last man affixed his signature to the last treaty. In thus absconding himself the President paid the men whom he had asked to represent America and carry out his plans, the highest compliment, complete and absolute confidence in their ability and trustworthiness.

We should all study the President's speech as other nations will study it. It is the expression of a master and was delivered in a gentle, but masterful way. Applause interrupted him, after almost every sentence. We should be justly proud of the man

through whose initiative the cause of peace has been so immeasurably advanced in the world. In his speech the President did not claim that the ideal of such a conference was new, but he pointed out the fact of its success and its silent assurance that future conferences could be entered into with perfect confidence in their ultimate victory.

Thus is brought about a turning point in the relation of nations. For suspicion, trust; for crushing burden of competitive race in preparation for war; for diminution of arms with all the blessed peace of mind that goes with such a change of attitude toward sister nations.

Actually to have brought about the state of mind in which nations are willing and to give up all idea of armed conflict with other nations, is a consummation unheard of in history.

The conference closed with a most fitting prayer by the President's pastor for the triumph of humanity and the peace of the world.

### FORMER WHITE HALL RESIDENT BURIED

Remains of Late John W. Stumbough Laid to Rest in Belton Cemetery — Other Greene County News

The remains of John W. Stumbough, who died last week at Nebo, Pike county, were brought to White Hall for interment in the Belton cemetery. He was 79 years of age, and was born in Missouri, coming to Greene county when a young man, and here and in Pike county he has resided since with slight interruption. He had been in failing health for the past few years, and for four months prior to his death he was confined to his bed with dropsy. He had resided at Nebo for a year and a half, following a residence of six months in Oklahoma. He had at times also been an inmate of the Soldiers' Home at Quincy, having served in the Civil war as a private in Company H, 99th Illinois infantry.

The wife, two sons, and three daughters survive. The sons are Ernest of Straut and Ira of Oklahoma, and the daughters, Mrs. Nerva Patterson of California, Mrs. Stela Smith of Carrollton and Mrs. Minnie Todd of Springfield.

St. Valentine Day passed with perhaps decreased local observance. There has been noted a decreased demand for valentines for the past few years, since the comics were discarded. Washington's birthday next Wednesday will be the occasion of some social events, and the occasion will be recognized in the schools. There was observance of Lincoln's birthday at all churches last Sunday, an occasion that is attended with increased importance each year. In Sunday school affairs the move to enlarge the attendance is to witness the spectacle of a spirit of fraternity by the decision of Charles Marks to visit the Wendell class of the First Baptist Sunday school with his men's class of the Methodist Sunday school, starting something that will require return visits and consequent increased interest and good will among all the churches.

Edward L. Scroggins and Clark Davis, two pupils of the high school, are in Springfield, undergoing an examination for appointment as assistant observers of the weather bureau.

Lee Husted, a representative farmer of the Roodhouse vicinity, was in White Hall Tuesday, remarking that if W. S. Corsa is placed on any ticket as a candidate for the legislature that he will be nominated and elected. The idea emanated thru both Carrollton papers last week. Mr. Corsa is thoroughly familiar with the biggest problems confronting agriculture and live stock interests, and he has declined a very important appointment recently. He is president of the Greene County Farm Bureau, member of the Committee of Fifteen on Co-operative Live Stock Marketing of the Federated Farm Bureaus, member of the live stock committee of the Illinois Agricultural Association, director of the Percheron Society of America, president of the American Berkshire association, member of the advisory board of the Illinois Department of Agriculture. In addition he directs the affairs of Gregory Farm and during odd moments gives attention to matters of lesser import to agricultural and live stock interests, and contributes a full measure of devotion to the well being of the local community in a general way. Such a man would be an outstanding figure in the personnel of the Illinois general assembly.

### PLEASANT SOCIAL EVENT AT ASHLAND

Mrs. F. W. McLaughlin and Mrs. Al Way Entertain Friends—Other Ashland News Notes.

Ashland, Feb. 16.—Mrs. F. W. McLaughlin and Mrs. Al Way entertained about forty of their friends Tuesday evening at the former's home. Several hours were very pleasantly spent with rock and at a late hour delicious refreshments were served.

Frank Drury was called to Decatur on account of his mother's illness.

Miss Della Knapp of Pleasant Plains spent a few days last week at the home of Henry Awalt.

George Awalt, William Ray and C. W. Bailey were Springfield callers yesterday.

Revel meetings commenced Sunday at the Christian church. Rev. Hill of Decatur is the evangelist, and Miss Stevens the song leader.

Mrs. H. G. Way spent last Sunday visiting in Jacksonville.

Roland Cosner of Eureka college is now at home with his

mother, Mrs. Sue Cosner, four miles west of town.

Mr. and Mrs. O. E. Louis were in Jacksonville Saturday on business.

John Henn left yesterday for Peoria to attend a convention of the Illinois Grain company.

Eugene Clommons went to Springfield Tuesday evening on business.

John Beggs made a business trip to Jacksonville Tuesday.

Mr. and Mrs. Roland Anderson of Springfield motored over to Ashland Tuesday evening and attended the valentine dance given at the Lyric theatre.

## FURNITURE Fresh from the Market at 1916 Prices

We had no new furniture on hand bought at high prices. We can now take advantage of lower prices. These goods were bought at present lower prices and offer you a saving that is worth while.

Vernis Martin Beds, 2 inch post, at \$10.00  
These beds have full 2 inch posts and are finished with an undercoating of shellac and a finish of lacquer over the gilt. A Vernis Martin that lasts.

Bed Springs—20 Year Guaranteed \$7.50  
You will still find some dealers asking \$10 for this spring. Full 6 inch riser, high carbon steel springs.

Combination Felt Mattresses, at \$8.00  
These mattresses contain real mattress felt, not cotton, which lumps easily. Good grade of Art ticks with roll edge.

Layer Felt Mattresses—Roll Edge \$12.75  
Not cotton mattresses, but FELT in good ticks, similar to goods selling at around \$16.

Long Post, Double Cane Bottom Kitchen Chairs at \$1.50  
These sell everywhere at \$2.00.

Full Size Solid Oak Dresser with 22x28 Mirror \$25.00  
These dressers measure up with anything you can find at about \$35. Genuine French bevel mirror of large size, 22x28 inches; 2 top drawers, fine smooth finish. A real dresser at a real price.

Oak and Mahogany Finish Steel Beds at \$13.75  
Full 2 inch posts, full 1 inch fillers, and a 2 coat finish that will last.

We did not buy a large quantity of these goods—Just enough to supply present demands. Better look them over early in the week. We still carry used furniture. Lack of space forbids our usual list of bargains but we have them.

## The Arcade

## "Nearly as Good"

Do not be deceived during these times of falling prices by "nearly as good."

We are slowly but surely getting quality merchandise at lower prices.

There are times, though, when the cheap imitation tempts on its first cost.

Gargoyle, Mobile, White Rock, Straight-Run Gas, Goodrich and Ajax Tires stand for quality at a fair price.

Cylinder grinding and thorough casting repairs stand for quality in our shop.

A service car, excelled by none in central Illinois, stands for quality road service.

Temme springs, the guaranteed car spring, with no string on the guarantee, stand for quality spring service.

First, last and all the time, we are striving to maintain the best there is in Service, Labor and Merchandise.

## FARM TENANCY UNDER DISCUSSION

Theme of Conference Held at Farm Bureau Office—Problems Are of Mutual Interest to Owners and Tenants.

Over sixty men were present at the meeting of landlords and tenants held yesterday afternoon at the Farm Bureau office. The speaker for the day was Professor W. H. Handschin of the University of Illinois who made a most interesting and practical address on "Tenancy." Professor Handschin is the vice-director of the Extension bureau of the university and head of the department of Farm Management and his talk yesterday evidenced his keen insight into and knowledge of farm conditions as they exist in this country today.

"The tenants of today are the owners of tomorrow," declared Professor Handschin in the course of his talk. Forty-two per cent of the farms are operated by tenants and it is universally true that tenancy goes with good land there being little of it in the poor sections of the country. Tenancy is a good thing in that it enables a man to climb the agricultural ladder, but it is also true that it depletes the farm of fertility. If the farmer could be induced to stay on the farm longer the amount of tenancy would be reduced. Many farmers retire and move into the cities because their families grow tired of the country.

Conditions in the corn belt are improving, according to the speaker. The landlords of yesterday are now the tenants in many cases and a man who was once a tenant may make the best kind of a landlord.

Tenants because of their experience should make the best landlords and there should be no trouble about good tenants and good landlords getting together on a program which is mutually beneficial. Results have abundantly proven that where bad landlords and bad tenants try to operate that the results are mutually unsatisfactory. Under such conditions the land itself suffers and is robbed of fertility year after year.

The lease which is best for the landowner and the tenant calls for a profitable farming plan and a fair division of the rents that accrue. The problem is to provide satisfactory income from the land operation and to divide it in two ways. It is certain that there cannot be a satisfactory division of profits resulting from a poor system of farming. Just as present you can say that the business man who is not losing money is quite successful. The case of Sears, Roebuck & Co., with a loss of \$15,000,000 in the past year is typical for business men great and small, have lost money thru their operations.

A very few farmers have made the interest on their investment figured on a moderate basis, and taking fair wages into account. Tenancy on the farms is often referred to as detrimental to farming, but that need not be the case. It all depends upon the relationship between the landowner and the tenant, and the proper system of farming. The prices at which farm products are sold is not the all important question. What we are most concerned with is the difference between the cost of production and the selling price. It is the proper thing to improve selling organizations, but at the same time there is the obligation to work our diversified systems that will enable the farmer to decrease production costs. Diversified farming is one means of insuring a farmer against loss. There is no scheme of organization that will fully protect a man who produces only one crop. Also bear in mind that merely a marketing system cannot make up for any faults that there may be in the plan of farm operation.

## ROUTT HIGH PLAYS VERSAILLES TONIGHT

Brown County Team Plays in Liberty Hall—Local Tossers Won Game Played at Versailles

Route High hopes to add another victory to her lengthy string when she meets Versailles High at Liberty Hall tonight. Versailles comes touted as one of the best teams in Brown county. Sides, their speedy forward is always dangerous and gave the Routt guards a lot of trouble when they met Versailles several weeks ago.

This is the second game this season between the two schools, the first being at Versailles and resulting in a victory for Routt. Since then the Routt team has improved their team work, which was very poor then.

Coach Bates of Versailles reports a change in his lineup which he says will give Routt a harder fight than in the first meet. Coach Boyle will probably start Gebert, Conney and Markdeville in the forward position with Nix working in the pivot and Zill Murgatroyd or March as guards.

The game will start at 7:30. The boys of Routt want everybody to come and hear for there is possible that Captain Mandeville will not appear in the purple and white lineup on account of sickness.

## W. H. JACKSON PASSES AWAY

William Herbert Jackson, for over fifty years a resident of this city, passed away at his home, 843 South Church street at 11:45 Thursday morning after a brief illness. Mr. Jackson was born in Crowland, Lincolnshire England, on December 23rd, 1832 and came to this country when he was about 21 years old.

After spending some time in Canada and the United States, he returned to England for a time. Some fifty-five years ago he came back to this country to live and in May, 1868, was united in marriage with Agnes Audley Wakely, daughter of Dr. Thomas A. Wakely who resided near Markham. Mr. Jackson is survived by his wife and daughter, and by a number of nieces and nephews in England and Australia. Two sons preceded him in death.

The funeral will be held at Trinity church on Saturday at 2:30 o'clock and interment will be in Diamond Grove cemetery.

## Control Your Income After Death

It's a lot easier to arrange for your wife to have a guaranteed income for life after your death than you think it is. A Monthly Income Policy will take the place of your salary check (\$10 per month up) and will cost you ONE-FOURTH to ONE-THIRD LESS than the usual kind of life insurance.

After your death you can't advise your wife as to the investment of your life insurance money, but TODAY you CAN arrange with your life insurance company to pay the proceeds of your insurance to her with a monthly check as long as she lives.

You may be in very moderate circumstances financially but that's no reason for you leaving your wife without an adequate income as long as you can secure a Monthly Income Policy.

## IRREGULAR ADVANCE OF STOCK MARKET

(By The Associated Press)  
NEW YORK, Feb. 16.—The money market again was the primary factor in the further irregular advance of stock market prices today. Commercial and industrial developments made no perceptible contribution to the forward movement.

Lively interest was displayed in the political situation. Traders evidently were of the opinion that the opposing views of the administration and congressional leaders would make for delay in the promotion of tax legislation.

Reduction of the bank of England rate from five to 4½ per cent brought that rate to the level prevailing here.

Withdrawal of \$65,000,000 of deposits from local banks for treasury payment had no effect on the free offerings of call money. A four per cent rate ruled in the open market and this was shaded to 3½ in private loans.

Time funds were notably unaltered at 4½ to 5 per cent. A few loans for 6 months on high grade security extending into the middle of the year were reported at the lower quotation. Oils and several of the rails were among the strongest stocks. Independent steels eased with motors, rubbers and some of the shippings, chemicals and sundry specialties. Sales amounted to 785,000 shares.

Exchange on London failed to reflect the lower bank rate, easing 1½ from recent high. Continental rails were mixed.

## Chicago Livestock Market

(By Associated Press)  
Chicago, Feb. 16.—U. S. Bureau of Markets—Cattle—Receipts 12,000. Fairly active. Beef steers mostly steady to strong. Spots higher, top \$9.15; weight 1,370 pounds; bulk beef steers \$7.00 to \$8.25; fat stock, calves, stockers and feeders steady, canners and cutters weak to lower; beef bulls strong to higher; bolognas unchanged, bulk fat she stock \$4.35 to \$5.75; bulk stockers and feeders \$6.25 to \$7.

Hogs—Receipts 31,000. 10 to 15¢ higher than Wednesday's average lights closed strong; others slow; shippers bought about 15,000. Holover liberal as big buyers purchased sparingly; top \$10.40 on 150 to 180 pound averages; bulk \$9.90 to \$10.30; pigs 25 to 50¢ higher; bulk desirable 100 to 120 pounders \$9.40 to \$9.25; some stronger weight \$9.50 to \$10.

Sheep—Receipts 10,000. Killing classes unevenly strong to 25¢ higher. Feeders steady; fat lamb top \$15.50; bulk \$14.75 to \$15.50, good clipper \$13; fall shorn Texas wethers \$8.50; bulk fat ewes \$7 to \$8; top ewes \$8.35.

## CASH GRAIN REPORT

(By Associated Press)  
CHICAGO, Feb. 16.—Wheat in the cash market was dull and weak, with buyers not anxious the reason given being lack of elevator capacity. Contract wheat was unchanged to two cents lower for trading basis with poorer and mixed grades 2c to 5c lower. Domestic shipping sales were 6,000 bushels.

Corn was in good demand and at the start was 1c to 2c higher, but at the close weak and unchanged with the last previous closing prices. The trading basis was unchanged to 1c better. Shipping sales here were 244,000 bushels including 15,000 bushels to exporters.

Oats trading basis were unchanged to 1c better. Shipping sales were 150,000 bushels including 50,000 bushels to exporters.

Car lot receipts: Wheat, 34; Corn, 637; Oats, 105.

## PRICE OF WHEAT TAKES ANOTHER JUMP

(By Associated Press)  
CHICAGO, Feb. 16.—Buyers backed away from wheat today prices having risen to a new top record for the season. The market closed unsettled 2c to 12c net lower, with May \$1.39 1/2 to \$1.39 1/2 and July \$1.22 1/2 to \$1.22 1/2. Corn finished unchanged to 1c higher, oats unchanged to 1/2c down and provisions at gains varying from 15c to 1 1/2c.

General selling characterized the wheat market during the last half of the day, whereas earlier the majority of traders were on the buying side. Substantial advance in Liverpool quotations formed the chief incentive for the upward swing with which the market here commenced and which kept up with unimpaired momentum until May had equalled the highest previous figures on the crop and July had surmounted the season's record. Unfavorable weather and crop reports from the southwestern part of the domestic winter wheat region acted as a contributing bullish influence.

Strength in the corn market was ascribed mainly to reports that the domestic disappearance of corn has been at a rate much slower than the trade in general supposed. Both corn and oats touched new price records for the season but later were governed largely by the changes in wheat.

Provisions like grain exceeded all recent high levels. Advances in the value of hogs were partly responsible and so to was the monthly statement showing diminished stocks.

## HEALTH THE SECRET OF ATTRACTION

Women of today depend a good deal upon the modern modist and a knowledge of the cosmetic art to make them attractive. Too often there exists beneath it all a suffering woman whose nervous laugh or forced smile covers a pang of agony caused by some feminine ill. To such a woman Lydia E. Pinkham's Vegetable Compound will bring health and a happy relief from her suffering, that will make her far more attractive than costly gowns and cosmetics.

For nearly fifty years American women have relieved their ailments.

## G. Washington's COFFEE

ORIGINATED BY MR. WASHINGTON IN 1909

Make Coffee the Improved Way—  
In the Cup at the Table

G. Washington's Coffee dissolves instantly when water is added. Put it in the cup just as you do sugar.

The bulky, woody fibre which makes the coffee grounds and the digestion-disturbing acids have been refined away by Mr. Washington's special process which makes G. Washington's Coffee 100% pure. No coffee pot or percolator needed. No waste.

It is estimated that more than 25% of all bean coffee made is wasted.

Measure the cost by the cup  
—Not by the size of the can

One can of G. Washington's Coffee is equivalent to ten times its weight in roasted bean coffee.

For greatest economy buy the larger size cans.

No trouble—no waiting—no grounds. Always delicious. Every can guaranteed to give satisfaction.

Booklet free. Send 10c for special trial size.

### REVENUE RULINGS AS TO BEVERAGES

Collector Calls Attention to Various Provisions of the Law.

The provisions of the new Revenue Law, effective January 1st, 1922, relating to the liability for tax of persons engaged in the manufacture and sale of beverages and constituent parts thereof, do not seem to be fully understood, and it is evident that there are persons operating ice cream parlors, soda fountains, and similar places of business, who are not filing Application for Registry, and remitting tax in compliance with same. G. W. Schwaner, collector of Internal Revenue, has issued the following explanatory document:

All persons, if engaged in this class of business, should have registered January 1st. If a person engages in business after that date, he must register within ten days after he commences operation.

The Department is disposed to be lenient with regard to the time limit set for the first registration, but advises that persons engaged in business January 1st, and who will be liable for the tax will be penalized in the event that application was not filed at the very latest by February 1st.

Some angles of the new law seem to be confusing to taxpayers. Such taxpayers should file request with the Collector for Regulation 52.

Some Points of the Law.

A brief summary of some of the provisions of the law are as follows:

1.—A tax of 2c per gallon is levied on each gallon of cereal beverage, fruit juice, still drinks, mineral waters, and what are generally known as carbonated soft drinks.

2.—A tax of 2c a gallon is imposed on carbonated soft drinks, when a finished or fountain syrup is not used in producing it, and by imposing a tax on the finished syrup, and carbonic gas that goes into the manufacture of carbonated soft drinks.

3.—When a tax is imposed on the finished product, no tax attaches with respect to the syrup or gas that may be used in the production of such articles. On the other hand, where no tax is imposed on the finished product, as in the case of carbonated soft drinks other than those made with a concentrate, a tax is levied on the syrup and gas used in its production.

4.—The Department defines a concentrate as a product of extract as that class of product requiring dilution of from 15 to 20 parts of simple syrup to make a finished or fountain syrup.

5.—A carbonated beverage produced from a finished or fountain syrup, which the manufacturer of the beverage may produce from a concentrated essence of extract, is not taxable under this subdivision, but the finished or fountain syrup is taxable.

6.—All carbonic gas sold or used by the manufacturer, producer, or importer, in the manufacture, compounding, or mixing of soft drinks, is subject to tax. The tax attaches with respect to the sale of gas by the manufacturer when such gas is to be used in manufacturing, compounding, or mixing a soft drink. If the soft drink is a cereal beverage, a carbonated beverage manufactured with a concentrate, etc., or mineral water, etc., all of which are taxable at a flat rate under the law, the manufacturer, if he has reimbursed the manufacturer of the gas for the tax thereon, may take credit against the tax paid on the completed beverage in the amount paid on the gas used.

7.—If the gas is otherwise used in the production of bottled soft drinks, or soft drinks sold at a soda fountain, no credit is permissible.

8.—The tax on gas also applies to gas used by the manufacturer thereof in the production of soft drinks. If the soft drinks are cereal beverages, carbonated beverages made from concentrate or mineral waters, no tax will be due. If, however, the carbonated beverage is not of this description the manufacturer of the gas must pay tax thereon.

9.—The Department understands that certain bottlers and fountain proprietors who make their own gas, use it in its gaseous state with no facilities for weighing it without installing certain devices. The Department does not desire to impose and burden on a taxpayer. Consequently manufacturers and users of gas in manufacturing, compounding or mixing carbonated soft drinks other than those outlined in preceding paragraph will be required to pay tax on such gas at the rate of 4-5c per gallon for each gallon of beverage produced. The standard ratio of carbonation being 1 lb. of gas to each 5 gallon of beverage.

10.—Plain carbonated water sold for use in the further manufacture of carbonated beverages is not subject to tax. The tax does however, attach to the gas used in carbonating the water.

11.—Finished or fountain syrups mean that class of articles commonly known as such in the trade, which are used in bottling soft drinks and in mixing or compounding such drinks at soda fountains. A tax is imposed on such syrups used in manufacturing, compounding, or mixing soft drinks, except the tax does not attach to syrup sold for use in the production of a cereal beverage or still drink.

12.—The standard finished or fountain syrup is one that is ordinarily used in the ratio of one part of syrup to five or six parts water to make a finished drink. There are lighter syrups made of two parts to produce the same amount of beverage as is mixed

through the use of one part of the standard syrup.

13.—The intent of the law is to impose a tax on all finished or fountain syrups at an equal rate. To accomplish this, a standard of one part of syrup to approximately five parts of water shall be adopted. Where a lighter syrup is used, the two parts of such syrup shall be considered equivalent of the one part of standard syrup—the tax to be computed on that basis.

14.—In computing the tax on syrup, the manufacturers of syrup who are using same in the production of soft drinks are required to keep such record as will indicate clearly the amount manufactured and used, rather than depending entirely on the quantity of finished beverage sold.

15.—Proprietors of soda fountains, ice cream parlors, and similar places of business who produce finished or fountain syrups from concentrated syrups and simple syrup with or without the addition of acid or coloring matter, are required to register and pay tax as manufacturers of finished or fountain syrup. The concentrated syrup is not subject to tax.

16.—A finished or fountain syrup used in the production of a still drink is not subject to tax, but in order to be exempt from the tax, the proprietor if he makes his own syrup must keep his records in a way that will clearly indicate the amount of such syrup, so used. Otherwise he must pay tax on all syrup.

17.—Still drinks are subject to tax at rate of 2c per gallon. Where such drinks are compounded and sold by the glass, it will clearly indicate the amount sold on which tax must be paid.

18.—Carbonated root beer, ginger ale, etc., dispensed by the glass from a tank, cask, or other container, are not subject to tax

on a gallonage basis, but the gas and syrup used in its production are taxable.

19.—Persons subject to the above taxes must register immediately, requesting Form 848, and remit tax monthly on Form 726, which may be procured from the Revenue Collector, Springfield, Illinois.
